Commission Bulletin 2014-7

Flags and Banners

Flags, banners and other items are permitted in the ring for display during the introduction of the boxer and following the conclusion of the boxer's bout, so long as such items, and any poles, materials or other apparatus attending the flag, banner or other item, are safe, are not disruptive to the bout and do not present an unacceptable risk of injury or fire hazard as determined in the sole discretion of the Commission.

Boxers wishing to display such a flag, banner or other item during their introduction or following the conclusion of their bout must inform the Commission prior to the bout.

This Commission Bulletin replaces and supersedes Executive Director's Memo 2002-06, dated April 5, 2002, regarding the Displaying of Flags in the Ring at Events.
