TRANSMITTAL

Authority Project #: **RK-65D** Permit #: **0802 - 12**

Your application for a Construction Permit has been approved and is transmitted herewith subject to the following conditions:

THE PERMIT HAS BEEN ISSUED TO: **ROCCO D'ANGELO, P.E., DIRECTOR.** (KLAUDIO DIMINICH, PROJ. MGR..)

Permitting **CONSTRUCTION OF A PRE-FABRICATED MODULAR BUILDING 5 KV EQUIPMENT, ELECTRICAL SYSTEMS, ELEMENTS AND RELATED WORK AS PER APPROVED DWG'S AND SPEC'S DATED THROUGH 12-12-11**

At **the Site Southeast of the Manhattan Toll Plaza (at Grade) of the RFKB** (and West of the SCU Building Site) **on , Randall's Island, New York, 10035, a Facility of the of the Triborough Borough Bridge And Tunnel Authority.**

The Permit must be prominently displayed on the premises to which it pertains and is valid for the period of time indicated.

Permit Conditions and Requirements: Submit a COPY of the pre-fab modular building plans/spec's "approved" by the NYS Dept. of State, Codes Div. The pre-fab modular building, when delivered and thereafter installed, must bear the "Insignia of Approval" by the Secretary of State, in accordance with NYSBC, Sect. 106.1.

You are requested to notify the Code Compliance Manager (CCM) **72 hours in advance of a need for any required "standard and" inspections. Since the Work is considered by this CPU Office to be NOT of a "major nature" therefore, specific "Special Inspections" and "related " Special Inspections" Reporting" are NOT required, as defined by the NYS Uniform Fire Prevention and Building Code (the "Code"). Therefore, TBTA Engineering Staff / Applicant, is only responsible for requesting standard and customary code related inspections, as noted below.**

Work shall be inspected prior to enclosing or covering any portion thereof and upon completion of each stage of construction. This shall include but not be limited to:

1. **Subject to exceptions permitted by the Code, Inspections, in accordance with the Code, are required for all applicable portions of the installed Work.**
2. **Code required "customary" Inspections, for acceptance of the work, may be performed by qualified personnel designated by (and at the discretion of) the MTA & or TBTA Engineering Staff / Applicant, in lieu of the CCM/CPU Staff, subject to prior acknowledgement and acceptance by the CCM. This is subject to meeting Reporting Requirements and to notification to the CCM.**
3. **Reporting Requirements**
   a. **Inspection of Building Elements and Systems, including any related test reports shall be submitted to the CCM, during the progress of the work.**
   b. **Reporting shall be subject to compliance with applicable provisions of the Code and ECP 327.**
   c. **The Report must indicate what part of the work was inspected and a determination if the work was found to be "acceptable' and thereby deemed in compliance with requirements.**
   d. **All inspection findings and related documentation shall be submitted to the CCM, on a timely basis.**
4. **Final Inspection shall be conducted by the CCM or designee at completion of construction.**
5. **A Final Inspection and a determination that all work is found to be "acceptable" is required prior obtaining a Certificate of Compliance/Occupancy in order to permit the temporary and or permanent use of the facility(s) constructed.**

It is also required that timely notice be given to the CCM of the readiness of the work for all tests which the New York State Uniform Fire Protection and Building Code requires for inspection approval. Copies of tests, their results, and certification of the work's conformance with the Building Code are required and must be submitted to the Construction Permitting Unit prior to final inspection.

This Permit is subject to the condition that all construction is to be in conformance with accepted plans and specifications.

Please, refer to the permit number above in all correspondence. Lost or destroyed permits will be replaced on written request only.

Partial / Temporary – Code Compliance Certificate

In accordance with the requirements of New York State, this Partial Temporary Code Compliance Certificate (PTCCC) authorizes limited occupancy and use of the facility identified with the Construction Permit described below to the Systems and or Area(s) listed:

Occupancy and use of the All Floors including altered areas at First Floor Areas and or Systems of the F. E. facility is permitted and accepted, unless otherwise limited, or as per conditions indicated herein, as follows:

1. AREAS: Areas may be occupied for the use(s) stipulated, in conformance with only CPU approved documents, as submitted, reviewed and accepted by the CPU on or before the date indicated below, unless otherwise specifically amended in writing by the CPU Official.
2. EFFECTIVE DATE: This PTCCC is effective as of the date indicated below when signed by the CPU Official.
3. DURATION: This PTCCC is effective for a period not to exceed 1 Year (365 Calendar Days) from the "Effective Date". This PTCCC CAN NOT BE EXTENDED BEYOND THIS DURATION, WITHOUT REAPPLICATION TO THE CPU.
4. CONDITIONS: The following "Conditions" apply to this PTCCC":
   a) Submit construction Inspection Reports
   b) All Areas will be maintained, occupied and used only in accordance with all applicable provisions of the New York State Uniform Fire Prevention and Building Codes, including but not limited to, "The Property Maintenance Code", as well as, the ADA Guidelines for accessibility.
   c) Comply with all directives of the CPU Code Compliance Manager and the Code Coordinator.
   d) Failure to comply with these conditions OR CREATION OF A POSSIBLE HAZARDOUS CONDITION will invalidate this Approval.
