Executive Summary

Chapter 251 of the Laws of New York (1962) created the State University Construction Fund. Its purpose would be "...to provide academic buildings, dormitories and other facilities...for the state-operated institutions and contract and statutory colleges under the jurisdiction of the state university, to reduce the time lag between determination of the need for such facilities and actual occupancy thereof, to expedite the construction, acquisition, reconstruction, rehabilitation or improvement of such facilities and to assure that the same are ready for the purposes intended when needed and when scheduled under the approved master plan of the state university.

As stated in Chapter 32 of the Laws of New York (Division of Code Enforcement and Administration), Part 1204, the State University Construction Fund is a construction-permitting agency. We have a staff of professionals with varied backgrounds, expertise and years of experience (architecture, engineering, construction). Fund projects vary from basic critical maintenance renovation projects to complex multi-discipline multi-phase projects. Additionally, we provide Job Order Contracting services (JOCs) on an as needed basis to meet construction needs.

The Office of Design Management engages consultants to provide design and consulting services for SUNY's 34 State-operated campuses. These contracts are for programming studies or full service architectural / engineering design. Design Management staff administers projects through the design, bid and award processes. The Design Management staff issue the construction permits and work with the Office of Construction Management staff as needed during construction.

The Office of Construction Management provides construction oversight of capital projects throughout SUNY's 34 State-operated campuses. The Construction Unit is responsible for the project's construction phase from contract award through project completion. The Construction Management staff issue certificates of compliance when the projects are complete and ready for SUNY staff to occupy the facilities.

Construction Permits and Code Compliance Certificates issued or still open from a previous year

_29_ Construction Permits were issued, substantially less than last year.

_112_ Construction Permits were still open from a previous year, less than last year.

_23_ Temporary Approvals of Occupancy were issued, more than last year.

_52_ Certificates of Compliance were issued, the same as last year.

Appendix A contains a matrix articulating:

- Construction Permits issued in 2013 or still open during 2013,
- Temporary Approvals of Occupancy issued or still open during 2013,
- Certificates of Compliance issued in 2013.

The matrix is divided by campus and includes the Construction Permits, Temporary Approvals of Occupancy and the Certificates of Compliance.

List of fire safety inspections conducted within buildings while in the custody of the State University Construction Fund

During 2013, to the best of the Fund's knowledge, the following buildings were in the custody of the State University Construction Fund when the annual fire safety inspection was conducted by the Office of Fire Prevention and Control:

- SUNY Purchase: Visual Arts Bldg
- SUNY Brockport: Special Events Recreation Center, part of the Tuttle Athletic Complex

None of the violations were found within an area of the State University Construction Fund's custody except the following buildings:

- SUNY Purchase: Visual Arts Bldg; two exterior doors were installed too small and were cited.

List of code violations not corrected within 60 days of discovery and the status as of February 1, 2014

All of the violations found within the areas in custody of the State University Construction Fund were resolved within 60 days except the following items:

- SUNY Purchase: Visual Arts Bldg; the code violation was discovered 11/6/2013 and the Fund was notified 1/7/2014. The 60 day mark was 1/6/2014. The doors were removed and the openings enlarged and filled with temporary doors by 2/4/2014, pending delivery of the new replacement doors. The new doors have a 6-week delivery date.

List of code related complaints received

The following is a list of code related complaints received for areas within the custody of the State University Construction Fund: None documented.
