Self-Inspection Checklist for Appearance Enhancement Business Owners

Understanding the Inspection Process

The Department of State (the “Department”) has prepared this form to help explain the inspection process so that you can comply with state laws and regulations relating to your business. Following these rules will help avoid fines or other discipline, and help protect the public from unsanitary or other dangerous conditions. The Department recommends you perform self-inspection periodically so that you and your staff are ready when an actual inspection takes place. Please note, this list is not exhaustive but is intended to cover the most frequent issues which appear during inspections.
