
NEW YORK STATE
REGISTER

INSIDE THIS ISSUE:

- Conduct Contributing and Eligibility Related to Burial Awards
- Minimum Standards for Form, Content and Sale of Health Insurance, Including Standards of Full and Fair Disclosure
- Women, Infants and Children (WIC) Program

State agencies must specify in each notice which proposes a rule the last date on which they will accept public comment. Agencies must always accept public comment: for a minimum of 60 days following publication in the *Register* of a Notice of Proposed Rule Making, or a Notice of Emergency Adoption and Proposed Rule Making; and for 45 days after publication of a Notice of Revised Rule Making, or a Notice of Emergency Adoption and Revised Rule Making in the *Register*. When a public hearing is required by statute, the hearing cannot be held until 60 days after publication of the notice, and comments must be accepted for at least 5 days after the last required hearing. When the public comment period ends on a Saturday, Sunday or legal holiday, agencies must accept comment through the close of business on the next succeeding workday.

For notices published in this issue:

- the 60-day period expires on February 16, 2020
- the 45-day period expires on February 1, 2020
- the 30-day period expires on January 17, 2020

Be a part of the rule making process!

The public is encouraged to comment on any of the proposed rules appearing in this issue. Comments must be made in writing and must be submitted to the agency that is proposing the rule. Address your comments to the agency representative whose name and address are printed in the notice of rule making. No special form is required; a handwritten letter will do. Individuals who access the online *Register* (www.dos.ny.gov) may send public comment via electronic mail to those recipients who provide an e-mail address in Notices of Proposed Rule Making. This includes Proposed, Emergency Proposed, Revised Proposed and Emergency Revised Proposed rule makings.

To be considered, comments should reach the agency before expiration of the public comment period. The law provides for a minimum 60-day public comment period after publication in the *Register* of every Notice of Proposed Rule Making, and a 45-day public comment period for every Notice of Revised Rule Making. If a public hearing is required by statute, public comments are accepted for at least five days after the last such hearing. Agencies are also required to specify in each notice the last date on which they will accept public comment.

When a time frame calculation ends on a Saturday or Sunday, the agency accepts public comment through the following Monday; when calculation ends on a holiday, public comment will be accepted through the following workday. Agencies cannot take action to adopt until the day after expiration of the public comment period.

The Administrative Regulations Review Commission (ARRC) reviews newly proposed regulations to examine issues of compliance with legislative intent, impact on the economy, and impact on affected parties. In addition to sending comments or recommendations to the agency, please do not hesitate to transmit your views to ARRC:

RULE MAKING ACTIVITIES

Each rule making is identified by an I.D. No., which consists of 13 characters. For example, the I.D. No. AAM-01-96-00001-E indicates the following:

AAM -the abbreviation to identify the adopting agency
01 -the *State Register* issue number
96 -the year
00001 -the Department of State number, assigned upon receipt of notice.
E -Emergency Rule Making—permanent action not intended (This character could also be: A for Adoption; P for Proposed Rule Making; RP for Revised Rule Making; EP for a combined Emergency and Proposed Rule Making; EA for an Emergency Rule Making that is permanent and does not expire 90 days after filing.)

Italics contained in text denote new material. Brackets indicate material to be deleted.

Department of Financial Services

NOTICE OF ADOPTION

Servicing Mortgage Loans: Business Conduct Rules

I.D. No. DFS-18-19-00005-A

Filing No. 1072

Filing Date: 2019-12-03

Effective Date: 2019-12-18

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: Addition of Part 419 to Title 3 NYCRR.

Statutory authority: Banking Law, sections 10, 11, 14, art. 12-D; Financial Services Law, sections 102, 201, 202, 301 and 302

Subject: Servicing Mortgage Loans: Business Conduct Rules.

Purpose: To set standards governing the servicing of residential home mortgage loans.

Substance of final rule: Section 419.1 contains definitions of terms that are used in Part 419 and not otherwise defined in Part 418.

Section 419.2 describes the requirements for the handling of monies placed by a servicer into an escrow account.

Section 419.3 describes requirements for crediting payments from borrowers and handling late payments.

Section 419.4 describes the requirements of an annual account statement which must be provided to borrowers in plain language showing: the unpaid principal balance at the end of the preceding 12-month period, the interest paid during that period, and the amounts deposited into and disbursed from escrow. The section also describes the servicer's obligations with respect to providing a payment history when requested by the borrower or borrower's representative.

Section 419.5 sets forth the requirements relating to fees permitted to be collected by servicers and how often such fees may be charged to a borrower.

Section 419.6 describes the requirements for handling borrower complaints and inquiries.

Section 419.7 sets forth the servicer's obligations with respect to handling of loan delinquencies and loss mitigation, including an obligation to make reasonable and good faith efforts to pursue appropriate loss mitigation options, including loan modifications. This section includes requirements relating to procedures and protocols for handling loss mitigation, including providing borrowers with information regarding the servicer's loss mitigation process, decision-making, and available counseling programs and resources.

Section 419.8 describes the Volume of Servicing Report that the Superintendent may require servicers to submit to the Superintendent, including information regarding the servicer's mortgage loans servicing activities.

Section 419.9 describes the books and records that servicers are required to maintain as well as other reports the Superintendent may require servicers to file in order to determine whether the servicer is complying with applicable laws and regulations. These include books and records regarding loan payments received, communications with borrowers, financial reports and audited financial statements.

Section 419.10 sets forth the activities prohibited by the regulation, including engaging in misrepresentations or material omissions and establishes a duty of fair dealing for servicers in connection with their transactions with borrowers.

Section 419.11 sets forth a servicer's obligations with respect to the oversight of third-party providers, including requiring a servicer to perform appropriate due diligence and conduct periodic reviews of third-party providers' qualifications.

Section 419.12 sets forth requirements for mortgage servicing transfers, including a requirement that servicers permit borrowers to continue making existing trial modification payments.

Section 419.13 establishes a procedure for the handling and reporting of affiliated business arrangements requiring, among other things, notice to the borrower of such an arrangement and market rate terms.

Section 419.14 sets forth a transitional rule for implementation of the new regulation.

Final rule as compared with last published rule: Nonsubstantive changes were made in sections 419.1-419.7, 419.10, 419.11 and 419.14.

Text of rule and any required statements and analyses may be obtained from: George Bogdan, Esq., Department of Financial Services, One State Street, New York, NY 10004, (212) 480-4758, email: george.bogdan@dfs.ny.gov

Revised Regulatory Impact Statement, Regulatory Flexibility Analysis, Rural Area Flexibility Analysis and Job Impact Statement

A revised Regulatory Impact Statement, Regulatory Flexibility Analysis, Rural Area Flexibility Analysis and Job Impact Statement are not required for the adoption of Part 419 because the non-substantive revisions to the regulation do not require a change to the previously published Regulatory Impact Statement, Regulatory Flexibility Analysis, Rural Area Flexibility Analysis and Job Impact Statement.

Initial Review of Rule

As a rule that requires a RFA, RAFA or JIS, this rule will be initially reviewed in the calendar year 2022, which is no later than the 3rd year after the year in which this rule is being adopted.

Assessment of Public Comment

The New York State Department of Financial Services (the "Department") received six comments on proposed rule 3 NYCRR 419 from entities representing both consumers and the servicing industry. These comments, and the Department's responses, are summarized as follows.

The comments acknowledge the need to update the rules, particularly in light of recent changes to federal Real Estate Settlement Procedures Act and Truth-In-Lending Act servicing requirements. Based on their respective positions, they argue for either more stringent consumer protections or a narrower focus that essentially eliminates any differences with federal law. Most commenters addressed multiple provisions of the proposed rule and suggested numerous detailed changes. The Department has processed and carefully considered every comment and has made several revisions and clarifications to the proposal. This summary is intended to provide an overview of the revisions and clarifications the Department has made in response to comments, and, where applicable, the reasons for not making additional revisions or clarifications. In many instances, the Department did not make recommended revisions because it found them either unnecessary or inconsistent with the goals of the regulation.

Effective Date: In response to commenters requesting time to implement the new aspects of the rule, the Department decided to provide servicers with 90 days from the date of final adoption to implement the new regulation. The Department has added Part 419.14 to govern this transition. During an interim 90-day period, the regulation will provide a transition period in which servicers who comply with the rules existing now under emergency adoptions will not be penalized as they transition to the new requirements. The Department weighed suggestions for a six-month transition period and determined that such a lengthy period would be unnecessary to allow servicers to come into compliance.

Relationship of Part 419 to Other Laws: Several commenters claimed the proposal is inconsistent with federal Regulations X and Z with respect to multiple provisions. The Department notes that consumer protections can be greater than those required under federal regulations without being inconsistent. The Department clearly intends to create heightened requirements in certain areas that are not inconsistent with federal law, so it did not accept general suggestions aimed at eliminating marginally greater consumer protections. With respect to borrowers in bankruptcy, the Department made revisions in sections 419.4(e) and 419.7(c) to avoid any conflicts with Title 11 of the United States Code or the jurisdiction and discretion of the bankruptcy courts.

With respect to loss mitigation provisions for borrowers in foreclosure, the Department has revised sections 419.4(c)(7)(v), 419.6(e)(3)(ii) and 419.11(h) to avoid potential conflicts with New York statutes and New York court practices and procedures. The Department will not revise section 419.7(j) to prohibit servicers from requiring a homeowner to waive legal claims and defenses as a condition of short sales or deed-in-lieu of foreclosure, as this would be overbroad because these loss mitigation options terminate the contractual relationship. The Department notes that it did add the loss mitigation option of reinstatement to the list of loss mitigation options in section 419.7(j) as compared to previous emergency adoptions. The Department did not accept multiple comments on section 419.7 and 419.10 concerning the treatment of loss mitigation applications shortly before a foreclosure sale, as the Department determined that the suggested changes would make no impact in practice.

With respect to mortgage servicing transfers, the Department declined to make any changes in section 419.12 given the recent enactment of New York Banking Law section 6-n which governs the treatment of modification applications when mortgages are sold or transferred during the modification process. Section 419.12 as proposed is consistent with this new statutory section.

Definitions: Many commenters remarked on the definitions in section 419.1. The Department declined to narrow certain definitions which were intentionally and necessarily broad as those definitions intend to capture a wide range of activities in an often changing industry. The Department did revise the term "Affiliated Business Arrangements" to provide more clarity and focus. The Department added definitions for "Billing Cycle" and "Settlement Service" in response to a comment in order to clarify the ap-

plication of those terms and to be in harmony with the federal rules applicable in this space. Conversely, certain terms (and the requirements surrounding them), such as "payoff balances" were kept unchanged to avoid confusion by combining incompatible terms. Lastly, the term "computation year" was changed to "escrow account computation year" in response to comments to clarify the period to which the term is referring.

Servicing Prohibitions and the Duty of Fair Dealing: For section 419.10, the term "abusive" was added to the existing prohibition on unfair and deceptive practices to be consistent with other regulatory requirements applicable to industries supervised by the Department. Language also was added prohibiting servicers from requiring a borrower's representative to provide their own social security or other confidential information as a condition of communication with a servicer as the Department became aware of this practice occurring during the comment period. Section 419.10(b)(4) was changed to remove a reference to net present value (NPV) calculations, as this calculation is no longer required in every loss mitigation situation and thus would not be run in the course of each loss mitigation analysis. Section 419.10(a)(4)(i) now permits servicers to commence foreclosure litigation if a borrower violates a due-on-sale clause even if the borrower has submitted a loss mitigation application, to clarify the regulation is meant to operate consistent with federal law in this space.

On the other hand, no changes were made in response to comments requesting the inclusion of (1) an exception on the prohibition on requiring funds to be remitted by a means more costly than checks and (2) a prohibition on moving for an order of reference, a default judgment or summary judgment under section 419.10(a)(5), as the Department determined neither change was necessary and the issues addressed by these commenters are already sufficiently covered by the regulatory language.

Loss Mitigation Determinations: The Department made several changes to the provisions dealing with determinations on a loss mitigation application. Language was added in section 419.7(f) for notices of loss mitigation that limit the identification of material changes to those known to the servicer at the time the notice is sent to the borrower, to clarify that a servicer shall not be liable for changes which they were not aware of at the time the notice was given, which industry comments indicate are not uncommon.

Similarly, the language in section 419.7(g), requiring a 30-day response period for borrowers who have been offered a loss mitigation option, was clarified to apply to both trial and permanent loss mitigation offers. And paragraph 419.10(b)(5) was amended to clarify that the "reasonably affordable" standard is limited to offers of a permanent loss mitigation option.

A request to increase the appeal deadline from 14 to 30 days was rejected after balancing the needs of industry against adequate consumer protection.

Oversight of Third Parties: One commenter suggested additions to section 419.11 that included hiring standards for law firms hired by servicers, more stringent rules concerning prohibited practices by third-party service providers, and a due diligence documentation requirement. Conversely, other commenters objected to oversight requirements for outside counsel and the mandate that providers' fees and costs be lawful, reasonable and actually incurred. The Department rejected all suggested changes to these standards after determining such changes to be unnecessary or counterproductive.

Other: The Department also received comments concerning account statements, the crediting of payments, fee provisions in section 419.5, borrower complaints and inquiries, the requirement of a single point of contact for loss mitigation, and loss mitigation applications. The Department made a few minor adjustments to the text of Part 419 in various places to address these comments as necessary. In most instances, the Department did not make recommended revisions because it found them either unnecessary or inconsistent with the goals of the regulation.

NOTICE OF ADOPTION**Licensed Cashers of Checks; Fees****I.D. No.** DFS-39-19-00002-A**Filing No.** 1073**Filing Date:** 2019-12-03**Effective Date:** 2019-12-18

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: Amendment of section 400.11 of Title 3 NYCRR.

Statutory authority: Banking Law, sections 10, 14, 371, 372; Financial Services Law, sections 102, 201, 202, 301 and 302

Subject: Licensed Cashers of Checks; Fees.

Purpose: To increase the maximum fee that may be charged by licensed check cashers.

Text of final rule: Section 400.11 is amended to read as follows:
400.11 Fees.

(a) Except with respect to the cashing of checks, drafts or money orders for payees of such checks, drafts or money orders that are other than natural persons, a licensee shall be permitted to charge or collect a fee for cashing a check, draft or money order not to exceed:

(1) [1.5] 2.19 per centum of the amount of the check, draft or money order [; provided, however, effective January 1, 2006, such per centum of the amount of the check, draft or money order shall be increased by an additional 0.03 per centum] in addition to any increase that shall [have been heretofore or] hereafter *be* made pursuant to subdivision (b) of this section [and such additional 0.03 per centum shall not itself be subject to any increase pursuant to subdivision (b) of this section]; or

(2) \$1, whichever is greater.

(b) Effective January 1, 2005, and annually thereafter, the maximum per centum fee specified in subdivision (a) of this section, shall be increased by a per centum amount, based upon an increase in the consumer price index for the New York – [Northern N.J.] Newark – [Long Island] Jersey City, NY - NJ [- CT] - PA area for all urban consumers (annual CPI-U), as reported by the Bureau of Labor Statistics of the U.S. Department of Labor for the calendar year preceding the year in which such increase is made compared to such annual CPI-U for the year prior to such preceding year. The maximum per centum fee that may be charged or collected for cashing a check, draft or money order pursuant to this section in effect at such time shall be multiplied by such computed per centum amount and the result added to such maximum per centum fee. The resulting sum shall be the revised maximum per centum fee, which shall be posted upon the internet site of the Department of Financial Services (www.dfs.ny.gov) by the superintendent not later than 45 days following the public release of such annual index by the U.S. Department of Labor. Such revised maximum per centum fee shall be calculated and posted to the nearest one-hundredth of a per centum. Such revised maximum per centum fee shall be effective not later than 45 days after the superintendent shall have notified the Majority Leader of the Senate, the Speaker of the Assembly, and the chairperson of the Senate and Assembly Committees on Banks of his/her intention to change the maximum per centum fee pursuant to the provisions of section 372.3 of the Banking Law and shall continue in effect until revised and increased in the next succeeding year based upon an increase in such annual index. If such CPI-U does not increase in any one year, the maximum per centum fee in effect during the year in which the index does not increase shall remain unchanged in the next succeeding year. Nothing herein shall be deemed to prohibit the superintendent from setting, by regulation, a different maximum per centum fee at any time where the superintendent shall find that such a fee is necessary and appropriate to protect the public interest and to promote the stability of the check cashing industry for the purpose of meeting the needs of the communities that are served by check cashers. No maximum fee shall apply to the charging of fees by licensees for the cashing of checks, drafts or money orders for payees of such checks, drafts or money orders that are other than natural persons.

Final rule as compared with last published rule: Nonsubstantive changes were made in section 400.11(a)(1).

Revised Regulatory Impact Statement, Regulatory Flexibility Analysis, Rural Area Flexibility Analysis and Job Impact Statement

A revised Regulatory Impact Statement (“RIS”), Regulatory Flexibility Analysis (“RFA”), Rural Area Flexibility Analysis (“RAFA”) and Job Impact Statement (“JIS”) are not required for the adoption of the amendment to 3 NYCRR 400.11 because the non-substantive revision to the regulation does not require a change to the previously published Regulatory Impact Statement, Regulatory Flexibility Analysis, Rural Area Flexibility Analysis and Job Impact Statement.

Initial Review of Rule

As a rule that requires a RFA, RAFA or JIS, this rule will be initially reviewed in the calendar year 2022, which is no later than the 3rd year after the year in which this rule is being adopted.

Assessment of Public Comment

The New York State Department of Financial Services (the “Department”) received two comments on the proposed amendment to 3 NYCRR 400.11. These comments, and the Department’s responses, are summarized below.

The setting of a maximum fee is conducted in accordance with the requirements of Section 372 of the New York Banking Law, which is

intended to provide a maximum fee charged for cashing checks, thus promoting the stability of the check cashing industry while protecting consumers by preventing unreasonable or excessive fees.

The two comments the Department received take diametrically opposed positions on the proposed increase in the current maximum fee of 2.11% (established by the Department in February 2019) to 2.19%. One individual comment submitted states that the increase is unfair to those who need the service while a check cashing industry group commented that the increase was inadequate.

The Department has carefully considered the industry’s concern that the current maximum fee provided for under section 400.11 is insufficient, even as adjusted annually pursuant to subdivision (b) thereof. The Department engaged extensively with the industry over many months to ensure it had the information needed based on solid methodology and comprehensive and accurate data with appropriate level of representation of the industry. The Department must strike a balance between the fee increase requested by check cashers and the interests of their customers in setting a maximum fee. Based on the information submitted by the industry for the fee increase and consistent with the Department’s obligation to maintain a stable market for check cashers while also protecting consumers from excessive and unnecessary fees, the Department has determined that the increase to 2.19% is sufficient and necessary.

Minimum Standards for Form, Content and Sale of Health Insurance, Including Standards of Full and Fair Disclosure

I.D. No. DFS-51-19-00015-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: Amendment of Part 52 (Regulation 62) of Title 11 NYCRR.

Statutory authority: Financial Services Law, sections 202, 302; Insurance Law, sections 301, 3216, 3217, 3221, 4303; and L. 2019, ch. 57, part J, subpart D

Subject: Minimum Standards for Form, Content and Sale of Health Insurance, Including Standards of Full and Fair Disclosure.

Purpose: Clarifying discriminatory activities prohibited by and coverages included within preventive care and screenings under the Insurance Law.

Text of proposed rule: Sections 52.75 and 52.76 are added as follows:

§ 52.75 *Prohibition on discrimination based on sexual orientation, gender identity or expression, or transgender status.*

(a) *In addition to the prohibitions against discrimination set forth in section 52.72 of this Part, an insurer shall not discriminate based on an insured’s or prospective insured’s actual or perceived sexual orientation, gender identity or expression, or transgender status. Discrimination prohibited by this section includes any of the following:*

(1) *including a policy clause that purports to deny, limit, or exclude coverage based on an insured’s sexual orientation, gender identity or expression, or transgender status;*

(2) *denying, limiting, or otherwise excluding medically necessary services or treatment otherwise covered by a policy on the basis that the treatment is for gender dysphoria; provided further that an insurer shall provide an insured with the utilization review appeal rights required by Insurance Law and Public Health Law Articles 49 for gender dysphoria treatment that is denied based on medical necessity;*

(3) *designating an insured’s sexual orientation, gender identity or expression, or transgender status as a pre-existing condition for the purpose of denying, limiting, or excluding coverage; or*

(4) *denying a claim from an insured of one gender or sex for a service that is typically or exclusively provided to an individual of another gender or sex unless the insurer has taken reasonable steps, including requesting additional information, to determine whether the insured is eligible for the services prior to denial of such claim.*

§ 52.76 *Coverage for preventive care and screenings.*

(a)(1) *Every policy that provides hospital, surgical, or medical care coverage, except for a grandfathered health plan, shall provide coverage for preventive care and screenings for insureds pursuant to Insurance Law sections 3216(i)(17)(E), 3221(l)(8)(E) and (F), and 4303(j)(3), including coverage for preexposure prophylaxis with effective antiretroviral therapy to persons who are at high risk of HIV acquisition. Such coverage shall not be subject to cost-sharing.*

(2) *A policy shall cover preventive care and screenings described in Insurance Law sections 3216(i)(17)(E), 3221(l)(8)(E) and (F), and 4303(j)(3) upon any policy issuance or renewal that occurs six months af-*

ter the date the recommendation or guideline described in Insurance Law sections 3216(i)(17)(E), 3221(l)(8)(E) and (F), and 4303(j)(3) is issued.

(3) A policy that provides coverage for preventive care and screenings specified in any recommendation or guideline described in Insurance Law sections 3216(i)(17)(E), 3221(l)(8)(E) and (F), and 4303(j)(3) shall provide coverage through the last day of the policy year, even if the recommendation or guideline changes during the policy year.

(4) For purposes of this section, “grandfathered health plan” shall have the meaning set forth in Insurance Law sections 3216(i)(17)(F), 3221(l)(8)(G), and 4303(j)(4).

Text of proposed rule and any required statements and analyses may be obtained from: Colleen Rumsey, Department of Financial Services, One Commerce Plaza, Albany, NY 12231, (518) 474-0154, email: colleen.rumsey@dfs.ny.gov

Data, views or arguments may be submitted to: Same as above.

Public comment will be received until: 60 days after publication of this notice.

This rule was not under consideration at the time this agency submitted its Regulatory Agenda for publication in the Register.

Regulatory Impact Statement

1. Statutory authority: Financial Services Law sections 202 and 302; Insurance Law sections 301, 3216, 3217, 3221, and 4303; and Subpart D of Part J of Chapter 57 of the Laws of 2019.

Financial Services Law section 202 establishes the office of the Superintendent of Financial Services (“Superintendent”). Financial Services Law section 302 and Insurance Law section 301, in pertinent part, authorize the Superintendent to prescribe regulations interpreting the Insurance Law and to effectuate any power granted to the Superintendent in the Insurance Law, Financial Services Law, or any other law.

Insurance Law sections 3216, 3221, and 4303 set forth requirements for individual, group, and blanket accident and health insurance policies and for subscriber contracts issued by corporations organized under Insurance Law Article 43. Sections 3216(i)(17)(E), 3221(l)(8)(E) and (F), and 4303(j)(3) require that every policy or contract that provides hospital, surgical or medical care coverage, except for a grandfathered health plan, must provide coverage for certain preventive care and screenings for insureds and subscribers that are not subject to annual deductibles or coinsurance, including evidence-based items or services for preventive care and screenings that have in effect a rating of “A” or “B” in the current recommendations of the United States Preventive Services Task Force.

Insurance Law section 3217 authorizes the Superintendent to issue regulations to establish minimum standards, including standards for full and fair disclosure and the form, content and sale of accident and health insurance policies and subscriber contracts of corporations organized under Insurance Law Articles 32 and Article 43 and Public Health Law Article 44.

Subpart D of Part J of Chapter 57 of the Laws of 2019 (“Chapter 57”) amended Insurance Law section 2607 and added new Insurance Law sections 3243 and 4330 to prohibit discrimination because of sex or marital status, including discrimination based on sexual orientation, gender identity or expression, or transgender status, in hospital, surgical or medical expense insurance.

2. Legislative objectives: Chapter 57, which takes effect on January 1, 2020, amended Insurance Law 2607 and added new sections 3243 and 4330 to prohibit discrimination because of sex or marital status, including discrimination based on sexual orientation, gender identity or expression, or transgender status, in hospital, surgical or medical expense insurance.

This proposed amendment accords with the public policy objectives that the Legislature sought to advance in Chapter 57 by clarifying that discrimination prohibited by Insurance Law sections 2607, 3243, and 4330 includes certain activities, such as including a policy clause that purports to deny, limit, or exclude coverage based on an insured’s sexual orientation, gender identity or expression, or transgender status or designating an insured’s sexual orientation, gender identity or expression, or transgender status as a pre-existing condition for the purpose of denying, limiting, or excluding coverage.

Insurance Law sections 3216(i)(17)(E), 3221(l)(8)(E) and (F), and 4303(j)(3) require coverage for preventive care and screenings without cost-sharing. This proposed amendment accords with the public policy objectives that the Legislature sought to advance in these Insurance Law sections by clarifying that coverage for preexposure prophylaxis with effective antiretroviral therapy to persons who are at high risk of HIV acquisition is included within preventive care and screenings and by clarifying the timing for coverage of preventive care and screenings.

3. Needs and benefits: It is the policy of New York State to protect lesbian, gay, bisexual, transgender, and queer (“LGBTQ”) New Yorkers’ access to comprehensive health insurance. It is critical that members of the LGBTQ community receive the health insurance coverage that they need and deserve.

Chapter 57 amended Insurance Law section 2607 and added new Insurance Law sections 3243 and 4330 to prohibit discrimination because of sex or marital status, including discrimination based on sexual orientation, gender identity or expression, or transgender status, in hospital, surgical, or medical expense insurance. This amendment implements the intent of that law in order to protect LGBTQ New Yorkers from discrimination when accessing accident and health insurance coverage by clarifying that discrimination prohibited by Insurance Law sections 2607, 3243, and 4330 includes certain activities, such as including a policy clause that purports to deny, limit, or exclude coverage based on an insured’s sexual orientation, gender identity or expression, or transgender status or designating an insured’s sexual orientation, gender identity or expression, or transgender status as a pre-existing condition for the purpose of denying, limiting, or excluding coverage.

This amendment also implements Insurance Law sections 3216(i)(17)(E), 3221(l)(8)(E) and (F), and 4303(j)(3) by clarifying the timing of coverage for preventive care and screenings. In addition, it addresses a specific preventive care service that is required by the federal Affordable Care Act, coverage for preexposure prophylaxis with effective antiretroviral therapy to persons who are at high risk of HIV acquisition, and specifies that cost-sharing may not be imposed on such coverage. This amendment furthers the public policy of this State by advancing the goal to end the AIDS epidemic in New York State by preventing the spread of HIV through preventative services.

Irrespective of whether the federal government rolls back access to health care for members of the LGBTQ community, the State of New York will protect LGBTQ New Yorkers’ access to comprehensive health care services.

4. Costs: Insurers and health maintenance organizations (collectively, “health care plans”) may incur costs because they may need to file new policy and contract forms and rates. However, the cost should be minimal because it was the position of the Department of Financial Services (“Department”) prior to Chapter 57 that health care plans may not discriminate based on sexual orientation, gender identity or expression, or transgender status, and because the amendment also merely clarifies the timing of coverage for preventative care and screenings.

This amendment may impose compliance costs on the Department because the Department will need to review amended policy and contract forms and rates. However, any additional costs incurred should be minimal and the Department should be able to absorb the costs in its ordinary budget.

This amendment will not impose compliance costs on any local governments.

5. Local government mandates: This amendment does not impose any program, service, duty, or responsibility upon a county, city, town, village, school district, fire district, or other special district.

6. Paperwork: Health care plans may need to file new policy and contract forms and rates with the Superintendent.

7. Duplication: This amendment, in part, duplicates current federal guidance but does not conflict with any existing state or federal rules or other legal requirements.

8. Alternatives: There are no significant alternatives to consider except to not enact this amendment. As this amendment accords with the legislative intent to prohibit discrimination based on sexual orientation, gender identity or expression, or transgender status and provide preventive care and screenings, the Superintendent has determined that the amendment is necessary to ensure that health care plans comply with state and federal law.

9. Federal standards: The amendment exceeds minimum standards of the federal government for the same or similar subject areas.

10. Compliance schedule: The amendment will take effect 90 days after publication of the Notice of Adoption in the State Register and will apply to all policies and contracts issued, renewed, or amended on or after that date.

Regulatory Flexibility Analysis

1. Effect of rule: This rule affects all health maintenance organizations and insurers authorized to do business in New York State (collectively, “health care plans”). Subpart D of Part J of Chapter 57 of the Laws of 2019 amended Insurance Law section 2607 and added new Insurance Law sections 3243 and 4330, prohibiting discrimination on the basis of sex or marital status, including discrimination based on sexual orientation, gender identity or expression, or transgender status, in hospital, surgical or medical expense insurance. This amendment clarifies that discrimination prohibited by Insurance Law sections 2607, 3243, and 4330 includes certain activities, such as including a policy clause that purports to deny, limit, or exclude coverage based on an insured’s sexual orientation, gender identity or expression, or transgender status or designating an insured’s sexual orientation, gender identity or expression, or transgender status as a pre-existing condition for the purpose of denying, limiting, or excluding coverage. It also clarifies that coverage for preexposure prophylaxis with

effective antiretroviral therapy to persons who are at high risk of HIV acquisition is included within preventive care and screenings and sets forth the timing for coverage of preventive care and screenings.

Industry asserts that certain health care plans subject to the amendment are small businesses but has not provided the Department of Financial Services (“Department”) with specific insurers or the number of such entities. The amendment does not apply to local governments.

2. Compliance requirements: No local government will have to undertake any reporting, recordkeeping, or other affirmative acts to comply with this amendment because the amendment does not apply to any local government.

A health care plan that is a small business affected by this amendment, if any, may be subject to reporting, recordkeeping, or other compliance requirements as the health care plan may need to file new policy and contract forms and rates with the Superintendent.

3. Professional services: No local government will need professional services to comply with this amendment because the amendment does not apply to any local government. No health care plan that is a small business affected by this amendment, if any, should need to retain professional services, such as lawyers or auditors, to comply with this amendment.

4. Compliance costs: No local government will incur any costs to comply with this amendment because the amendment does not apply to any local government. Insurers and HMOs may incur costs because they may need to file new rates and policy and contract forms. However, any costs should be minimal because it was the position of the Department prior to Chapter 57 that health care plans may not discriminate based on sexual orientation, gender identity or expression, or transgender status, and because the amendment also merely clarifies the timing of coverage for preventative care and screenings.

5. Economic and technological feasibility: This amendment does not apply to any local government; therefore, no local government should experience any economic or technological impact as a result of the amendment. No health care plan that is a small business affected by this amendment, if any, should experience any economic or technological impact as a result of the amendment.

6. Minimizing adverse impact: There will not be an adverse impact on any local government because the amendment does not apply to any local government. This amendment should not have an adverse impact on a health care plan that is a small business affected by the amendment because the amendment uniformly affects all health care plans.

7. Small business and local government participation: The Department will comply with State Administrative Procedure Act section 202-b(6) by publishing the proposed amendment in the State Register and posting the proposed amendment on its website.

Rural Area Flexibility Analysis

1. Types and estimated numbers of rural areas: Insurers and health maintenance organizations (collectively, “health care plans”) affected by this amendment operate in every county in this state, including rural areas as defined by State Administrative Procedure Act Section 102(10).

2. Reporting, recordkeeping and other compliance requirements; and professional services: A health care plan, including a health care plan in a rural area, may be subject to additional reporting, recordkeeping, or other compliance requirements because the health care plan may need to file new policy and contract forms and rates with the Department of Financial Services (“Department”).

A health care plan, including a health care plan in a rural area, should not need to retain professional services, such as lawyers or auditors, to comply with this amendment.

3. Costs: A health care plan, including a health care plan in a rural area, may incur additional compliance costs as it may need to file new policy and contract forms and rates with the Department. However, any additional costs should be minimal because it was the position of the Department prior to Chapter 57 that health care plans may not discriminate based on sexual orientation, gender identity or expression, or transgender status, and because the amendment also merely clarifies the timing of coverage for preventative care and screenings.

4. Minimizing adverse impact: This amendment uniformly affects insurers and HMOs that are located in both rural and non-rural areas of New York State. The amendment should not have an adverse impact on rural areas.

5. Rural area participation: Health care plans, including health care plans in rural areas, will have an opportunity to participate in the rule-making process when the proposed amendment is published in the State Register and on the Department’s website.

Job Impact Statement

This amendment should not adversely impact jobs or employment opportunities in New York State. The amendment implements Subpart D of Part J of Chapter 57 of the Laws of 2019, which amended Insurance Law section 2607 and added Insurance Law sections 3243 and 4330, by clarify-

ing that discrimination prohibited by Insurance Law sections 2607, 3243, and 4330 includes certain activities, such as including a policy clause that purports to deny, limit, or exclude coverage based on an insured’s sexual orientation, gender identity or expression, or transgender status or designating an insured’s sexual orientation, gender identity or expression, or transgender status as a pre-existing condition for the purpose of denying, limiting, or excluding coverage. This amendment also implements Insurance Law sections 3216(i)(17)(E), 3221(l)(8)(E) and (F), and 4303(j)(3) by clarifying that coverage for preexposure prophylaxis with effective antiretroviral therapy to persons who are at high risk of HIV acquisition is included within preventive care and screenings and specifying the timing for coverage of preventive care and screenings.

PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

Women, Infants and Children (WIC) Program

I.D. No. HLT-51-19-00001-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: Amendment of Subpart 60-1 of Title 10 NYCRR.

Statutory authority: Public Health Law, sections 700 and 2500

Subject: Women, Infants and Children (WIC) Program.

Purpose: To support implementation of eWIC; clarify rules for violations, penalties, hearings and conform vendor authorization criteria.

Substance of proposed rule (Full text is posted at the following State website: <https://regs.health.ny.gov/regulations/proposed-rule-making>): Subpart 60-1 of Title 10 New York Code of Rules and Regulations (NYCRR) is amended as follows:

Section 60-1.1, which defines terms relevant to the WIC program, is updated to reflect the mechanics of eWIC transactions; the definition of “food instrument” is amended to include eWIC cards, and definitions are added for “primary account number (PAN),” “personal identification number (PIN),” and “eWIC stand-beside terminal.” Several definitions are added or expanded to encompass key stakeholders in the NYS WIC program. “Vendor management agency (VMA)” refers to a local agency that contracts with NYS to provide vendor management services. “Vendor applicant” distinguishes prospective WIC vendors (i.e., vendors that are applying or reapplying for WIC authorization) from applicant participants. “Food vendor” is replaced with “vendor,” to explicitly bring under the purview of State regulations approximately 600 pharmacies authorized to redeem WIC benefits in NYS. Finally, the definition of “participant” is updated to include the authorized representative, a role specific to eWIC benefit issuance.

Sections 60-1.7 and 60-1.8 are amended to eliminate participant and vendor violations made obsolete by eWIC, including violations based on check handling procedures or made impossible by eWIC’s automated verification processes. Provisions are added for handling eWIC cards and equipment.

Section 60-1.7 is further amended to require participants to notify local agencies of changes to income or household composition, allowing the State to enforce an obligation already included in the Statement of Participant Rights and Responsibilities, and to require participants to provide information needed for investigations by any federal, State, or local agencies, or other government or law enforcement entities.

Section 60-1.8 is further amended to align the provision concerning disqualification and civil resolution with the requirements of 7 CFR Part 246.

Section 60-1.9, which concerns program violations and penalties for local agencies, is repealed, as all provisions are enforceable via the local agency contract. Additionally, all references to local agency hearings and local agency disqualification are deleted from 10 NYCRR subpart 60-1. A local agency denied a WIC contract may receive a briefing pursuant to SFL § 163.

Sections 60-1.11 and 60-1.12 are renumbered sections 60-1.10 and 60-1.11 and reorganized such that newly renumbered section 60-1.10 addresses vendor hearings concerned with disqualification or imposition of an administrative fine or civil money penalty, and newly renumbered section 60-1.11 addresses vendor hearings concerned with denial of an application or termination of a contract. This restructuring reflects current NYS administrative procedures.

Section 60-1.13 is renumbered section 60-1.12 and amended such that all federal vendor authorization criteria are incorporated by reference to 7 CFR part 246, and all existing rules pertaining to individual federal criteria are deleted. Vendor limiting criteria, which define the maximum number of vendors the State can monitor given available resources, are also deleted, and paragraphs (a)(2) and (b)(1) are reserved for later use. Newly renumbered section 60-1.12 is further amended to accommodate the streamlined vendor application process; the standard vendor contract term is no longer limited to one year; and the Commissioner is granted authority to determine “open application” time periods during which vendors may apply or reapply for WIC authorization. Additional provisions permit a vendor to apply at any time, regardless of the “open application” time period in effect, under any of the following circumstances: the vendor is located in an area identified as having inadequate participant access; the vendor seeks to apply within sixty days of acquiring a store that was authorized to redeem WIC benefits under previous ownership; all the vendor’s stores had aggregate sales of at least \$5 million during the previous year and demonstrate eWIC readiness; or the vendor will serve at least twenty-five WIC participants that cannot be adequately served by another authorized vendor located within a one-mile radius due to a barrier stemming from language, ethnicity, nationality, or religious belief.

Text of proposed rule and any required statements and analyses may be obtained from: Katherine Ceroalo, DOH, Bureau of Program Counsel, Reg. Affairs Unit, Room 2438, ESP Tower Building, Albany, NY 12237, (518) 473-7488, email: regsqna@health.ny.gov

Data, views or arguments may be submitted to: Same as above.

Public comment will be received until: 60 days after publication of this notice.

Regulatory Impact Statement

Statutory Authority:

Public Health Law (PHL) § 700 designates the Department of Health as the agency of the state to administer any federal act of Congress, such as The Child Nutrition Act of 1966 (42 USC § 1771 et seq.). The Child Nutrition Act of 1966 established the Special Supplemental Nutrition Program for Women, Infants, and Children (WIC), which relates to maternal and child health services. Public Health Law (PHL) § 2500 authorizes the Commissioner of Health to act in an advisory and supervisory capacity in matters pertaining to maternal and child health for which funds are, or will be, available. WIC is a discretionary program overseen by the United States Department of Agriculture (USDA)’s Food and Nutrition Services Agency. Section 246.3(b) of title 7 Code of Federal Regulations (CFR) delegates responsibility for “the effective and efficient administration of the program” to States. Federal regulations further specify that States must establish procedures to deter participant violations (7 CFR § 246.12(u)(1)); develop criteria for authorizing WIC vendors (7 CFR § 246.12(g)(3)); and define participant access criteria (7 CFR § 246.12(i)(8)).

Legislative Objectives:

WIC provides breastfeeding support, nutrition counseling, health care referrals, and supplemental foods to eligible women, infants, and children. Although federal WIC grants must be used in accordance with 7 CFR part 246, the State may tailor program operations to best serve participants. Pursuant to PHL §§ 700 and 2500, the Commissioner of Health has authority over policy decisions related to the quality of maternal and child health services provided to approximately 420,000 WIC participants each month and the distribution of over \$500 million in program funds each year. The proposed amendments are consistent with the legislative objective in that they are designed to provide effective maternal and child health services via prudent use of available funds.

Needs and Benefits:

10 NYCRR subpart 60-1 must be updated to accommodate eWIC, the Electronic Benefits Transfer (EBT) system that will replace paper WIC checks in NYS by fall 2019. Additional amendments eliminate conflicts with State Finance Law (SFL) § 163 and 7 CFR part 246, clarifying rules concerning penalties for vendor violations and hearings. Finally, multiple amendments align State regulations with the streamlined vendor application process and the revised vendor authorization and participant access criteria developed by NYS in response to a 2014 USDA management evaluation and implemented, with USDA approval, in spring 2018.

Section 60-1.1, which defines terms relevant to the WIC program, is updated to reflect the mechanics of eWIC transactions; the definition of “food instrument” is amended to include eWIC cards, and definitions are added for “primary account number (PAN),” “personal identification number (PIN),” and “eWIC stand-beside terminal.” Several definitions are added or expanded to encompass key stakeholders in the NYS WIC program. “Vendor management agency (VMA)” refers to a local agency that contracts with NYS to provide vendor management services. “Vendor applicant” distinguishes prospective WIC vendors (i.e., vendors that are applying or reapplying for authorization) from applicant participants. “Food vendor” is replaced with “vendor,” to explicitly bring under the

purview of State regulations approximately 600 pharmacies authorized to redeem WIC benefits in NYS. Finally, the definition of “participant” is updated to include the authorized representative, a role specific to eWIC benefit issuance.

Sections 60-1.7 and 60-1.8 are amended to eliminate participant and vendor violations made obsolete by eWIC, including violations based on check handling procedures or made impossible by eWIC’s automated verification processes. Provisions are added for handling eWIC cards and equipment.

Section 60-1.7 is further amended to require participants to notify local agencies of changes to income or household composition, allowing the State to enforce an obligation already included in the Statement of Participant Rights and Responsibilities, and to require participants to provide information needed for investigations by any federal, State, or local agencies, or other government or law enforcement entities.

Section 60-1.8 is further amended to align the provision concerning disqualification and civil resolution with the requirements of 7 CFR Part 246.

Section 60-1.9, which concerns program violations and penalties for local agencies, is repealed, as all provisions are enforceable via the local agency contract. Additionally, all references to local agency hearings and local agency disqualification are deleted from 10 NYCRR subpart 60-1. A local agency denied a WIC contract may receive a briefing pursuant to SFL § 163.

Sections 60-1.11 and 60-1.12 are renumbered sections 60-1.10 and 60-1.11 and reorganized such that newly renumbered section 60-1.10 addresses vendor hearings concerned with disqualification or imposition of an administrative fine or civil money penalty, and newly renumbered section 60-1.11 addresses vendor hearings concerned with denial of an application or termination of a contract. This restructuring reflects current NYS administrative procedures.

Section 60-1.13 is renumbered section 60-1.12. All mandatory federal vendor authorization criteria are incorporated by reference to 7 CFR part 246, and existing rules pertaining to individual federal criteria are deleted. To accommodate the streamlined vendor application process, the standard vendor contract term is no longer limited to one year, and the Commissioner is granted authority to determine “open application” time periods during which vendors may apply or reapply for WIC authorization.

In practice, the streamlined process replaces year-round open enrollment for vendors with a three-year application cycle divided among six vendor contract periods based on geography. Once the process is fully implemented, all vendors assigned to the same vendor contract period will apply, or reapply, for authorization during a designated open application period (OAP) occurring once every three years. This will create a predictable workflow for VMAs and establish a clear timeline for vendors seeking application and reapplication results. The streamlined process also allows chains of ten or more NYS WIC-authorized stores operating under the same federal employer identification number to consolidate all stores under one application and one contract per regional VMA. This will reduce paperwork and establish common contract dates for closely related stores. As addressed below, the streamlined process has implications for vendor limiting and participant access criteria.

Vendor limiting criteria, which define the maximum number of vendors the State can reasonably monitor given available resources, are deleted for both food vendors and pharmacies. Two related “exceptions,” which identify circumstances in which limiting criteria for an applicant food vendor may be waived, are revised as follows: any vendor, including pharmacies, may apply for WIC authorization outside its OAP if the vendor’s stores had aggregate sales of at least \$5 million during the previous year and demonstrate eWIC readiness, or if the vendor seeks to apply within sixty days of acquiring a store that was authorized to redeem WIC benefits under previous ownership.

Participant access criteria define the minimum number of vendors needed to ensure that participants can acquire WIC foods. The proposed amendments strengthen participant access provisions to align with federal regulations; in effect, the State must accept applications from vendors located in areas with inadequate participant access, regardless of OAP, and the State must authorize any vendor needed for participant access, provided the vendor meets the minimum authorization criteria defined in 7 CFR part 246.12(g)(3). A related exception allowing the State to waive certain authorization criteria for vendors that meet a cultural need is revised; such vendors may now apply outside their OAP but must meet all authorization criteria unless they are located in an area identified as having inadequate participant access.

Finally, in alignment with USDA recommendations for effective program management, the proposed regulations grant the Commissioner authority to define participant access criteria.

Costs:

The proposed rules do not directly impose additional costs on the regulated parties. However, vendors using eWIC stand-beside terminals

must have a dedicated telephone line or wired internet connection for each device. Telephone and internet service fees vary by region and provider but typically range from thirty to seventy-five dollars per month, per terminal. Vendors redeeming WIC benefits via an integrated cash register system may need to purchase a one-time software upgrade to meet the technical specifications for eWIC. In accordance with 7 CFR section 246.12(h)(3)(xxviii-xxx), these “integrated” vendors are also responsible for third-party payer or other processing fees stemming from eWIC transactions.

Additionally, the vendor community may perceive an opportunity cost associated with the streamlined vendor application process, as proprietors seeking WIC authorization for new stores may be delayed by the three-year application cycle. However, the State has established many exceptions under which vendors may apply for authorization outside their OAP, including participant access need, cultural need, high sales volume, and recent acquisition of a store previously authorized to redeem WIC benefits.

The proposed regulations do not impose additional costs on the agency, the State, or local governments.

Local Government Mandates:

The proposed amendments do not impose additional mandates upon local governments or special districts. Additionally, as the proposed amendments do not affect the amount of WIC benefits issued and redeemed statewide, local governments are not expected to face increased demand for nutrition assistance or other services.

Paperwork:

Two amendments to section 60-1.7 pertain to reporting obligations for program participants. One compels participants to provide information needed for investigations opened against them by any government or law enforcement agency, while the other codifies an existing expectation that participants report changes to household composition or income. Neither amendment requires filing of formal paperwork.

Vendors using State-issued eWIC stand-beside terminals must provide form W-9, Request for Taxpayer Identification Number and Certification, to the State’s eWIC contractor.

Duplication:

7 CFR part 246 establishes parameters for all aspects of WIC program operations; as such, many of the provisions included in 10 NYCRR subpart 60-1 stem from at least one federal rule. The rules cited below correlate with amendments proposed to sections 60-1.7 and 60-1.13.

7 CFR section 246.12(u) requires the State to implement “procedures designed to control participant violations” and sanctions for such violations.

7 CFR section 246.12(g)(3) requires the State to define authorization criteria for WIC vendors.

7 CFR section 246.12(l)(8) requires the State to develop participant access criteria. 7 CFR section 246.12(g) requires the State to authorize vendor applicants as needed to ensure participant access to supplemental foods, provided the vendor applicants meet the minimum authorization criteria defined in 7 CFR part 246.12(g)(3). 7 CFR section 246.12(g)(8) requires the State to “develop procedures for processing vendor applications outside of its timeframes when it determines there will be inadequate participant access unless additional vendors are authorized.”

Alternatives:

There are no viable alternatives. The proposed regulations are required for eWIC implementation and closely adhere to federal program requirements and USDA recommendations for program management.

Federal Standards:

The proposed rules exceed federal minimum standards only where explicitly permitted by federal regulations, as cited below:

7 CFR section 246.12(l)(2)(i) allows the State to impose sanctions for vendor violations not specified in federal regulations, provided these violations and sanctions are defined in the State’s sanction schedule.

7 CFR section 246.12(g)(3)(ii) requires the State to consider business integrity when evaluating vendor applicants. This rule further specifies that the State may identify additional disqualifying criteria, as where an amendment to section 60-1.13 establishes a history of multiple civil money penalties as grounds for denying vendors authorization to redeem WIC benefits.

Compliance Schedule:

The proposed amendments are to be effective upon publication of a Notice of Adoption in the New York State Register.

Regulatory Flexibility Analysis

Effect of Rule:

NYS WIC program food benefits, valued at over \$370 million annually, can be redeemed at approximately 2,800 authorized vendors statewide. Of these, about 1,100 are classified as small (1-2 cash register) stores. Small vendors are generally concentrated downstate, with particularly high numbers located in the Bronx (263 vendors), Brooklyn (347 vendors), and Queens (186 vendors). About 96% of small vendors statewide will process eWIC transactions via single-function equipment (i.e., a State-provided

stand-beside terminal), and the remaining 4% will use multi-function equipment (i.e., an integrated cash register system capable of processing cash, credit, SNAP, and eWIC transactions).

Amendments are proposed to section 60-1.1 and sections 60-1.7 through 60-1.13 of 10 NYCRR; among these, section 60-1.8, which describes vendor violations and penalties, and section 60-1.13, which delineates vendor authorization criteria, are most directly pertinent to small businesses. Sections 60-1.10, 60-1.11 and 60-1.12, which concern conferences and hearings for vendors, are amended largely to improve internal organization; as such, the proposed changes will have little practical effect on the vendor population and thus do not warrant extended analysis.

None of the amendments proposed to 10 NYCRR subpart 60-1 are expected to have an appreciable impact on local governments; therefore, local governments are not considered in the following analysis.

Compliance Requirements:

Vendors must follow the eWIC transaction procedures defined in section 60-1.8, as amended, and the current NYS WIC vendor contract. Most of the proposed amendments do not change the intent of the original rule; rather, wording is adjusted to incorporate preferred terminology (e.g., “vendor” replaces “food vendor”; “WIC food instrument” replaces “WIC check”). Otherwise, existing provisions are adapted to prevent equivalent fraudulent activities in an eWIC environment. Ultimately, eWIC is expected to lessen any burden stemming from compliance requirements. As specified in 7 CFR section 246.2, a vendor may be found in violation of the WIC program as the result of either an intentional or an unintentional act; because eWIC transactions are largely automated, vendors are at less risk of committing careless procedural violations, such as failure to verify participant ID and signature.

Upon reapplication to the WIC program, vendors must meet all authorization criteria included in newly renumbered section 60-1.12 (formerly section 60-1.13). Specifically, where vendors were previously subject to a business integrity review only upon initial application, 7 CFR section 246.12(h)(3)(xxi) requires the State to apply the same authorization criteria to all vendors, regardless of prior participation in the WIC program. Additionally, vendors are subject to more stringent business integrity standards, as the proposed regulations identify a history of multiple civil money penalties within the preceding six-year period as grounds for denying a vendor contract. No changes are proposed to the participant access criteria currently in effect. However, a related exception allowing the State to waive certain authorization criteria for vendors that meet a cultural need is revised; such vendors may now apply outside their OAP but must meet all authorization criteria unless they are located in an area identified as having inadequate participant access. The State will continue to accept applications from vendors located in areas with an identified participant access need regardless of the OAP in effect; such vendors will continue to be evaluated based on the minimum authorization criteria defined in 7 CFR part 246.12(g)(3).

Finally, the streamlined process represents a significant shift in program operations. Timing of application or reapplication will be driven by the vendor’s designated vendor contract period. Therefore, proprietors seeking WIC authorization for new stores may face delays, depending on the location of the store and the dates of the relevant OAP.

Professional Services:

The proposed amendments do not require the regulated parties to seek any additional professional services.

Compliance Costs:

The proposed regulations do not directly impose any additional costs on small vendors. However, costs associated with the federal eWIC mandate are included in the following analysis. Vendors using eWIC stand-beside terminals must have a dedicated telephone line or wired internet connection for each device. Telephone and internet service fees vary by region and provider but typically fall in the range of thirty to seventy-five dollars per month, per terminal. Vendors that redeem WIC benefits via an integrated cash register system may need to purchase a one-time software upgrade in order to meet the technical specifications for eWIC. In accordance with 7 CFR section 246.12(h)(3)(xxviii-xxx), these “integrated” vendors are also responsible for third-party payer or other processing fees stemming from eWIC transactions.

Additionally, the vendor community may perceive an opportunity cost associated with the streamlined vendor application process, as proprietors seeking WIC authorization for new stores may be delayed due to the constraints of the three-year application cycle. However, the State has established many exceptions under which vendors may apply for authorization outside their OAP, including participant access need, cultural need, high sales volume, and recent acquisition of a store previously authorized to redeem WIC benefits. Furthermore, the three-year application cycle is supported by federal regulations; as stated in 7 CFR section 246.12(g)(8), “The State agency may limit the periods during which applications for vendor enrollment will be accepted and processed, except that applications must be accepted and processed every three years.”

Economic and Technological Feasibility:

The proposed rules do not directly impose any economic or technological burdens on small vendors. As previously described, the federal eWIC mandate may generate minimal additional expenses for vendors. Vendors will likely also need to train staff on correct procedures for eWIC transactions, including use of stand-beside terminals.

Minimizing Adverse Impact:

In compliance with federal regulations, the State provides single-function eWIC equipment to qualified vendors free of charge and pays associated transaction fees. Additionally, the State will ease the vendor community’s transition to the streamlined application process with ongoing education efforts. The streamlined process has already been introduced via vendor bulletin and WIC stakeholder forum, and additional messaging will alert vendors to upcoming OAPs. The State’s contracted VMAs will also provide currently authorized vendors with reapplication materials well in advance of their designated OAP. Finally, as already described, the State has established several exceptions that permit vendors to apply for authorization outside their designated OAP.

Small Business and Local Government Participation:

The NYS WIC program communicates regularly with authorized vendors via vendor bulletins, a listserv, and websites maintained by the NYS Department of Health and the State’s contracted VMAs. Additionally, the State hosted a face-to-face meeting designed to introduce eWIC to leaders of relevant trade groups; State and eWIC contractor staff were in attendance to answer policy and technical questions. The State also sought feedback from trade group leadership prior to implementing the revised NYS WIC vendor contract in April 2018; the contract was amended largely in preparation for eWIC rollout, and many of the provisions included therein are represented in section 60-1.8, as amended. Finally, quarterly stakeholder forums allow individual vendors to communicate directly, in real time, with State staff and representatives of the eWIC contractor.

For Rules that Either Establish or Modify a Violation or Penalties Associated with a Violation:

Most amendments proposed to section 60-1.8 do not affect the substance of the original rules and thus do not require extended analysis. Beyond this, in compliance with 7 CFR section 246.12(1)(2)(i), all sanctions imposed by the State effectively include a cure period. The State may only impose a sanction based on a pattern of violations, and the State must provide the vendor with written notification of an initial finding prior to documenting additional instances to constitute a pattern.

The proposed regulations clarify existing rules concerning civil penalties but do not change them; that is, vendors found to have committed certain serious program violations have been, and will continue to be, subject to mandatory federal penalties.

Rural Area Flexibility Analysis

Types and Estimated Numbers of Rural Areas:

This rule applies uniformly throughout the state, including rural areas. Rural areas are defined as counties with a population less than 200,000 and counties with a population of 200,000 or greater that have towns with population densities of 150 persons or fewer per square mile. The following 44 counties have a population of less than 200,000 based on the United States Census estimated county populations for 2010 (<https://www.census.gov/quickfacts>).

Allegany	Hamilton	Schoharie
Cattaraugus	Herkimer	Schuyler
Cayuga	Jefferson	Seneca
Chautauqua	Lewis	St. Lawrence
Chemung	Livingston	Steuben
Chenango	Madison	Sullivan
Clinton	Montgomery	Tioga
Columbia	Ontario	Tompkins
Cortland	Orleans	Ulster
Delaware	Oswego	Warren
Essex	Otsego	Washington
Franklin	Putnam	Wayne
Fulton	Rensselaer	Wyoming
Genesee	Schenectady	Yates
Greene		

The following counties have a population of 200,000 or greater and towns with population densities of 150 persons or fewer per square mile. Data is based on the United States Census estimated county populations for 2010.

Albany	Monroe	Orange
Broome	Niagara	Saratoga
Dutchess	Oneida	Suffolk
Erie	Onondaga	

Reporting, Recordkeeping and Other Compliance Requirements; and Professional Services:

Across all 53 counties identified as rural or partially rural, approximately 107,000 participants are served by 43 local agencies each month. The identified counties also encompass about 800 authorized WIC vendors overseen by three vendor management agencies (VMAs). None of the amendments proposed to subpart 60-1 of 10 NYCRR are expected to have an appreciable impact on local governments in either rural or non-rural areas; therefore, local governments are not considered in the following analysis.

Neither local agencies nor VMAs are subject to any additional reporting or recordkeeping requirements as a result of the proposed amendments. Section 60-1.9, which describes program violations and penalties specific to local agencies, is repealed; however, this has little practical impact, as all compliance standards are clearly established and enforceable via the State’s contract with each agency.

Two amendments to section 60-1.7 pertain to reporting obligations for program participants. One compels participants to provide information needed for investigations opened against them by any local, government, or law enforcement agency, while the other codifies an existing expectation that participants report changes to household composition or income. Additional amendments to section 60-1.7 incorporate preferred terminology (e.g., “vendor” replaces “food vendor”) and otherwise adjust wording to accurately describe eWIC transactions (e.g., “food instrument” replaces “WIC check”). These amendments do not change the substance of the rules and thus have little effect on participant compliance requirements.

Some vendors are subject to a minor additional reporting requirement, as those using State-issued eWIC stand-beside terminals must provide form W-9, Request for Taxpayer Identification Number and Certification, to the State’s eWIC contractor. Apart from this, eWIC is expected to lessen any compliance burden for vendors, as transactions are largely automated and thus reduce vendors’ risk of committing careless procedural violations. Vendors must also meet all authorization criteria included in newly re-numbered section 60-1.12 (formerly section 60-1.13) upon reapplication to the NYS WIC program. Specifically, where vendors were previously subject to a business integrity review only upon initial application, 7 CFR section 246.12(h)(3)(xxi) requires the State to apply the same authorization criteria to all vendors, regardless of prior participation in the WIC program. Additionally, vendors are subject to more stringent business integrity standards, as the proposed regulations identify a history of multiple civil money penalties within the preceding six-year period as grounds for denying a vendor contract. Finally, it should be noted that the timing of future applications or reapplications will be driven by the vendor’s designated vendor contract period. Therefore, proprietors seeking WIC authorization for new stores may face delays, depending on the location of the store and the dates of the relevant open application period (OAP).

Costs:

The proposed amendments do not impose any additional costs on local agencies, VMAs, or program participants in either rural or non-rural areas, nor do they directly impose additional costs on vendors. However, costs associated with the federal eWIC mandate are included in this analysis. About 37% of vendors in rural areas will process eWIC transactions via one or more State-provided stand-beside terminals, each of which must have a dedicated telephone line or wired internet connection. Associated service fees vary by region and provider but typically fall in the range of thirty to seventy-five dollars per terminal, per month. About 63% of vendors in rural areas will operate integrated cash register systems capable of processing cash, credit, SNAP, and eWIC transactions. Vendors using integrated cash registers may need to purchase a one-time software upgrade to meet the technical specifications for eWIC. In accordance with 7 CFR section 246.12(h)(3)(xxviii-xxx), these ‘integrated’ vendors are also responsible for third-party payer or other processing fees stemming from eWIC transactions.

Additionally, vendors in both rural and non-rural areas may perceive an opportunity cost associated with the streamlined vendor application process, as proprietors seeking WIC authorization for new stores may be delayed due to the constraints of the three-year application cycle. However, the State has established many exceptions under which vendors may apply for authorization outside their OAP, including participant access need, cultural need, high sales volume, and recent acquisition of a store previously authorized to redeem WIC benefits.

Minimizing Adverse Impact:

The proposed regulations do not exacerbate challenges commonly as-

sociated with rural areas, such as population sparsity, small community size, limited access to financial and technical assistance, and underdeveloped services delivery systems. As such, there is no need to consider rule exemptions or different reporting or compliance requirements for stakeholders in rural areas.

Rural Area Participation:

The NYS WIC program communicates regularly via bulletins, listservs, and websites targeted to various stakeholder groups in both rural and non-rural areas. Online forums for local agencies and vendors, both held quarterly, allow for direct, real-time communication with State staff and other relevant parties, such as representatives of the State's eWIC contractor. The State also engages leadership of relevant trade and advocacy groups to expand the reach of its communications and solicit feedback on policy changes.

Job Impact Statement

A Job Impact Statement is not required pursuant to section 201-a(2)(a) of the State Administrative Procedure Act. It is apparent, from the nature and purpose of the proposed regulations, that there will not be a substantial adverse impact on jobs or employment opportunities.

NOTICE OF EMERGENCY ADOPTION AND REVISED RULE MAKING NO HEARING(S) SCHEDULED

Conduct Contributing and Eligibility Related to Burial Awards

I.D. No. OVS-24-19-00001-ERP

Filing No. 1064

Filing Date: 2019-11-27

Effective Date: 2019-11-27

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action Taken: Amendment of sections 525.11(b), 525.12(g)(1), (m)(1)(iv); renumbering of section 525.12(m)(2) to (m)(3); addition of section 525.12(m)(2) to Title 9 NYCRR.

Statutory authority: Executive Law, sections 623(3) and 631(5)(g)

Finding of necessity for emergency rule: Preservation of general welfare.

Specific reasons underlying the finding of necessity: I determined that it is necessary for the preservation of the general welfare that this amendment be readopted on an emergency basis as authorized by section 202(6) of the State Administrative Procedure Act, to be effective June 26, 2019.

This amendment was initially adopted as an emergency measure because time was of the essence. The effective date of the underlying Chapter law of 2018 which made this amendment necessary was June 26, 2019. To ensure consistent and fair claim determinations, and not delay the processing of crime victim claims, these rules were needed to be in place by that date and not lapse.

Subject: Conduct contributing and eligibility related to burial awards.

Purpose: Adopt rules necessary for chapter 494 of the Laws of 2018, when considering the victim's own conduct and other eligibility for burial awards.

Text of emergency/revised rule: Subdivision (b) of section 525.11 is amended to read as follows:

(b) A request for an emergency award may be approved if it appears to the office that such claim is one with respect to which an award probably will be made and undue hardship will result to the claimant if immediate payment is not made. The determination by the office of an emergency award request shall include, at a minimum, the consideration of: (1) whether a crime did in fact occur, (2) the eligibility of the person to receive an award pursuant to section 624 of the Executive Law, (3) whether, if the crime upon which the claim is based did not result in the death of such person, the person contributed to their injuries because of their conduct pursuant to subdivision 5 of section 631 of the Executive Law, (4) the office as payer of last resort, pursuant to subdivision 4 of section 631 of the Executive Law, (5) whether the claimant and/or victim failed to cooperate with the reasonable requests of law enforcement authorities, including prosecutors, and (6) the out-of-pocket loss, as defined in section 626 of the Executive law, upon which the request for an emergency award is made.

Paragraph (1) of subdivision (g) of section 525.12 is amended to read as follows:

(1) If the injury causes death, the award shall include funeral, burial plot and marker cost, not exceeding:

\$6,000 for crime related deaths occurring on and after 11/1/96, claims submitted by any person who incurs such costs and which are filed on and after 6/26/19;

\$6,000 for crimes occurring on and after 11/1/96, claims submitted by any person who incurs such costs;

\$2,000 for crimes occurring on and after 6/12/91 until 10/31/96, claims submitted by any person who incurs such costs;

\$2,500 for crimes occurring on and after 8/1/85 until 6/11/91, claims submitted by any person who incurs such costs;

\$1,500 for crimes occurring on and after 7/30/83 until 7/31/85, claims submitted by any person who incurs such costs;

\$1,500 for crimes occurring on and after 6/15/82 until 7/29/83, claims submitted by family members;

\$1,500 for crimes occurring on and after 6/16/68 until 6/14/82, claims submitted by a surviving spouse, parent or child;

\$1,000 for crimes occurring on and after 8/1/66 until 6/15/68, claims submitted by a surviving spouse or child.

Subparagraph (iv) of paragraph (1) of subdivision (m) of section 525.12 amended to read as follows:

(iv) 25 percent reduction of award. All other conduct on part of the victim, not considered in subparagraph (i), (ii) or (iii) of this paragraph, as indicated in the investigation of the claim pursuant to subdivision (b) of section 52[2]5.5 of this Part.

Paragraph (2) of Subdivision (m) of section 525.12 is renumbered paragraph (3).

Subdivision (m) of section 525.12 is amended to add a new paragraph (2) to read as follows:

(2) Notwithstanding the provisions paragraph (1) of this subdivision, if the crime upon which the claim is based resulted in the death of the victim, awards made pursuant to Executive Law article 22 and this Part shall be reduced for conduct contributing in the following manner:

(i) 50 percent denial of award. Any conduct on part of the victim, as indicated by law enforcement in the investigation of the claim pursuant to subdivision (b) of section 525.5 of this Part, constituting felonies or misdemeanors involving violence. For the purpose of this subparagraph, the term "violence" shall include, but not be limited to: gang activity, the dealing of illegal drugs, being the initial aggressor, and the use or brandishing of illegal firearms or other dangerous instruments at or near the time of the crime.

(ii) 25 percent reduction of award. Any conduct on part of the victim, as indicated by law enforcement in the investigation of a claim pursuant to subdivision (b) of section 525.5 of this Part, constituting any other felony not considered in subparagraph (i) of this paragraph.

(iii) Any other conduct on part of the victim, not considered in subparagraph (i) or (ii) of this paragraph, as indicated in the investigation of the claim pursuant to subdivision (b) of section 525.5 of this Part, shall not be considered a reason to reduce an award.

This notice is intended to serve as both a notice of emergency adoption and a notice of revised rule making. The notice of proposed rule making was published in the *State Register* on June 12, 2019, I.D. No. OVS-24-19-00001-EP. The emergency rule will expire January 25, 2020.

Emergency rule compared with proposed rule: Substantial revisions were made in section 525.12(g)(1).

Text of rule and any required statements and analyses may be obtained from: John Watson, Counsel, Office of Victim Services, 80 South Swan Street, 2nd Floor, Albany, NY 12210, (518) 457-8062, email: john.watson@ovs.ny.gov

Data, views or arguments may be submitted to: Same as above.

Public comment will be received until: 45 days after publication of this notice.

Revised Regulatory Impact Statement, Regulatory Flexibility Analysis, Rural Area Flexibility Analysis and Job Impact Statement

The Office of Victim Services has determined that the change made to the last published rule does not necessitate revision to the previously published Regulatory Impact Statement, Regulatory Flexibility Analysis, Rural Area Flexibility Analysis and Job Impact Statement. The change made to the last published rule addresses the public comment received, simply reiterating the Chapter language upon which this rule is based and made necessary. As apparent from the nature and purpose of this change, a revised Regulatory Impact Statement, Regulatory Flexibility Analysis, Rural Area Flexibility Analysis and Job Impact Statement are not required and therefore one has not been prepared.

Assessment of Public Comment

The Office of Victim Services (OVS or Office) did receive comment on the proposed regulations from the Assembly Chair of the Administrative Regulations Review Commission. The comment received suggested that as Chapter 494 of the Laws of 2018 amended Executive Law § 613(2) to explicitly apply the \$6,000 cap on burial expenses to “. . . a victim who died on or after November first, nineteen hundred ninety-six as a direct result of a crime. . .” (amended language underlined) the related regulations [9NYCRR525.12(g)(1)] should reflect the same.

The proposed regulations have been changed to include this provision, taking into consideration the newly included statutory language as highlighted by the Assembly Chair, and the Chapter 494’s effective date, i.e., on the one hundred eightieth day after it shall have become a law (06/26/19) and applying to all claims filed on or after such effective date.

ACTION PENDING INDEX

The action pending index is a list of all proposed rules which are currently being considered for adoption. A proposed rule is added to the index when the notice of proposed rule making is first published in the *Register*. A proposed rule is removed from the index when any of the following occur: (1) the proposal is adopted as a permanent rule; (2) the proposal is rejected and withdrawn from consideration; or (3) the proposal's notice expires.

Most notices expire in approximately 12 months if the agency does not adopt or reject the proposal within that time. The expiration date is printed in the second column of the action pending index. Some notices, however, never expire. Those notices are identified by the word "exempt" in the second column. Actions pending for one year or more are preceded by an asterisk(*).

For additional information concerning any of the proposals

listed in the action pending index, use the identification number to locate the text of the original notice of proposed rule making. The identification number contains a code which identifies the agency, the issue of the *Register* in which the notice was printed, the year in which the notice was printed and the notice's serial number. The following diagram shows how to read identification number codes.

ADVERTISEMENTS FOR BIDDERS/CONTRACTORS

SEALED BIDS

REHABILITATE FACADE

New York Psychiatric Institute
New York, New York County

Sealed bids for Project No. M3114-C, comprising of a contract for Construction Work, Rehabilitate Facade, Building 4, New York Psychiatric Institute, 1051 Riverside Drive, New York (New York County), NY, will be received by the Office of General Services (OGS), Design & Construction Group (D&C), Division of Contract Management, 35th Fl., Corning Tower, Empire State Plaza, Albany, NY 12242, on behalf of the Office of Mental Health, until 2:00 p.m. on Wednesday, December 18, 2019, when they will be publicly opened and read. Each bid must be prepared and submitted in accordance with the Instructions to Bidders and must be accompanied by a certified check, bank check, or bid bond in the amount of \$55,200 for C.

All successful bidders will be required to furnish a Performance Bond and a Labor and Material Bond in the statutory form of public bonds required by Sections 136 and 137 of the State Finance Law, each for 100% of the amount of the Contract estimated to be between \$1,000,000 and \$2,000,000 for C.

Pursuant to State Finance Law §§ 139-j and 139-k, this solicitation includes and imposes certain restrictions on communications between OGS D&C and a bidder during the procurement process. A bidder is restricted from making contacts from the earliest posting, on the OGS website, in a newspaper of general circulation, or in the Contract Reporter of written notice, advertisement or solicitation of offers through final award and approval of the contract by OGS D&C and the Office of the State Comptroller ("Restricted Period") to other than designated staff unless it is a contact that is included among certain statutory exceptions set forth in State Finance Law § 139-j(3)(a). Designated staff are Jessica Hoffman, Carl Ruppert and Pierre Alric in the Division of Contract Management, telephone (518) 474-0203, fax (518) 473-7862 and John Lewycky, Deputy Director, Design & Construction Group, telephone (518) 474-0201, fax (518) 486-1650. OGS D&C employees are also required to obtain certain information when contacted during the restricted period and make a determination of the responsibility of the bidder pursuant to these two statutes. Certain findings of non-responsibility can result in rejection for contract award and in the event of two findings within a four-year period, the bidder is debarred from obtaining governmental Procurement Contracts. Bidders responding to this Advertisement must familiarize themselves with the State Finance Law requirements and will be expected to affirm that they understand and agree to comply on the bid form. Further information about these requirements can be found within the project manual or at: <http://www.ogs.ny.gov/aboutOGS/regulations/defaultAdvisoryCouncil.html>

The substantial completion date for this project is 262 days after the Agreement is approved by the Comptroller.

The only time prospective bidders will be allowed to visit the job site to take field measurements and examine existing conditions of the project area will be at 10:00 a.m. on December 5, 2019 at the New York Psychiatric Institute, 1051 Riverside Drive, New York, NY. Prospective bidders are urged to visit the site at this time. Prospective bidders or their representatives attending the pre-bid site visit will not be

admitted on facility grounds without proper photo identification. Note that parking restrictions and security provisions will apply and all vehicles will be subject to search.

Phone the office of Robin Griffiths, (845) 365-0730, a minimum of 48 hours in advance of the date to provide the names of those who will attend the pre-bid site visit.

Pursuant to New York State Executive Law Article 15-A and the rules and regulations promulgated thereunder, OGS is required to promote opportunities for the maximum feasible participation of New York State-certified Minority- and Women-owned Business Enterprises ("MWBEs") and the employment of minority group members and women in the performance of OGS contracts. All bidders are expected to cooperate in implementing this policy. OGS hereby establishes an overall goal of 30% for MWBE participation, 15% for Minority-Owned Business Enterprises ("MBE") participation and 15% for Women-Owned Business Enterprises ("WBE") participation (based on the current availability of qualified MBEs and WBEs). The total contract goal can be obtained by utilizing any combination of MBE and/or WBE participation for subcontracting and supplies acquired under this Contract.

The Office of General Services reserves the right to reject any or all bids.
