RE: Approved 2019 Allegany County Shared Services Plan

Dear Secretary Rosado:

Enclosed please find Allegany County's Approved 2019 County Wide Shared Services Tax Savings Plan. This plan represents a great amount of time, effort and considerable resources put forth to accomplish the task.

In 2019, a majority of the planning and coordination work was accomplished by the Allegany County Planning Department. Utilizing their planning expertise, municipalities reconvened at a meeting in April 2019. Of the twenty-nine (29) towns and ten (10) villages in Allegany County, only two villages opted to not participate in the process. This was followed by letters to municipalities concerning potential energy savings opportunities such as the NYSERDA LED streetlight replacement program and community based EV charging station incentives. In August 2019, the planning department staff coordinated an informational workshop to further explore energy savings potential and garner member interest and support. Later in the month, a panel meeting was held with guests from NY Department of State in attendance to answer questions and offer guidance. Planning department staff continued to gather and assess information from panelists and update the tax savings plan. This included online and paper surveying of members in September 2019. Based on the information that was gathered, the tax savings plan was updated to include additional cost savings objectives. A draft of the revised plan was presented to the Allegany County Legislature on October 28, 2019. Three public hearings on the revised 2019 tax savings plan were held on December 9, 10 and 12<sup>th</sup>. Finally, a panel vote whereby the revised 2019 tax savings plan was approved occurred on December 19, 2019. The newly approved 2019 tax savings plan will be presented to the Allegany County Legislature and public on January 24, 2020.

Please contact me with any questions or concerns at 585-268-9217 or via email at [cmknapp@alleganyco.com](mailto:cmknapp@alleganyco.com).

Sincerely,

  
Carissa M. Knapp  
County Administrator

## MEMORANDUM

To: Mrs. Carissa Knapp, County Administrator  
From: Ms. Michelle Denhoff, Planning & Development Specialist  
Date: January 14, 2020  
Re: CWSSI Appendix A – Explanation of Numbers

Mrs. Knapp,

I have completed the calculations for Appendix A based on the final Allegany County Shared Service Plan that was created for the 2019 calendar year. The background for all rows is as follows:

**Row 5 = \$ 92,181,965**

Row 5 is based on information from the NYS Comptroller website regarding data sets for the County, Towns, and Fire Districts; while the data provided for Villages and School Districts was provided directly from the Allegany County Treasurer’s Office. Numbers are rounded to the nearest dollar amount.

County =	\$ 29,265,617.00
Towns =	\$ 16,070,607.00
Villages =	\$ 5,294,282.00
School Districts =	\$ 40,637,740.00 (with STAR exemptions included)
Fire Districts =	\$ 913,719.00

**Row 6 = \$ 50,630,506.00**

Row 6 is based on the data provided above for County, Towns, and Villages. School districts and fire districts did not participate in the Shared Services Initiative.

**Row 7 = \$ 21,098.00**

Row 7 is based on the actual anticipated savings from projects that municipalities identified. While the 2018 plan identified more in savings, they numbers were potential and based on full participation from all municipalities.

**Row 8 & 10 = - 0.04%**

Rows 8 and 10 identify a percentage savings of – 0.04 percent, based on the savings identified in row 7 against the property tax levy identified in row 6 from all participating entities.  $(\$21,098/\$50,630,506)*100$ .

**Row 9 = < \$ 0.01**

Row 9 identifies the specific savings each household would recognize if all projects were successfully implemented. Although the number is negligible, it is important to understand the benefit of the cost share, regardless of its savings potential.

Moving forward, we hope to work with the municipalities to examine additional projects that will create a more efficient government for tax payers as well as a more significant savings. Please let me know if you have any questions.

# Property Tax Savings Plan Update

2019

In 2017 shared services panels were established in each county after the introduction of the County-Wide Shared Services Initiative. It was designed to help local municipal governments devise a plan that allowed for more collaborative efforts, providing tax savings. A one-time plan was submitted and projects that were completed within the first year would be considered for a reimbursement from New York State equal to that of the savings from that project.

Allegany County opted to hire CGR to compile the first CWSSI Plan where 15 opportunity areas were identified; nine of those were considered achievable, and six additional areas of interest were considered a lower priority. The specific areas identified were:

Achievable Opportunities	Other Areas of Interest
Health Care Consortia	Animal Control
LED Streetlights	Joint Code Enforcement
Group Utility Purchasing	Document Management and Records Retention
Online or County-Supported Tax Collection	Financial Services
Bulk Purchasing	Grant Writing
Joint Tax Assessment	Information Technology
Water and Sewer Collaboration	
Municipal Reorganization	
Shared Highway Equipment and/or staff	

Over the course of the required timeline provided by New York State, CGR and members of a steering committee worked diligently with the panel members to collect all the necessary information from each municipality that expressed interest in the identified opportunity areas. The Plan was presented to the public and submitted to the State in October 2018.

Due to the success of the Initiative, the law was modified requiring that Shared Services panels meet every year through 2021, requiring that plans be submitted on an annual basis after the panel has met and discussed additional projects that have tax savings potential. The modification to the law also provided a less stringent timeline of efforts and laid out specific requirements of the panel.

The County Administrator held the first Shared Services panel meeting in April 2019. The meeting was poorly attended; however discussion ensued regarding recent budget concerns, loss of AIM funding, a reduction in sales tax due the loss of larger businesses in the County, and how the gaps will be met. The new changes regarding the bail system and changes in Certified Medical Necessity were also discussed. It is still unknown how they will affect budgets moving forward.

In May 2019, the Allegany County Planning office sent out a letter to all municipalities that provided a template formal request to the corresponding electric provider asking for the purchase price of all the street lights in their municipality. The breakdown asked for the numbers of each facility (lamps, poles, etc.) and the new monthly cost of facility fees after the purchase. This was part of the process for converting street lights to LED. Most municipalities that sent this request to their electric providers reported that they received a very slow response, making the process tedious and difficult.

As a second step in this process, the Planning office coordinated a session with a third party regarding LED Streetlights and opportunities for EV Charging Stations. This event was held in early August 2019, providing examples of other municipalities that had saved money converting to LED lighting. There was also discussion on the opportunities through NYSERDA for building local EV charging stations and how that can be accomplished.

Representatives from New York State Department of State, Allegany County DPW, Planning and the County Administrator met over the summer discussing specific changes to the Shared Services Initiative law, projects that were successful in other areas across NYS and projects that were not successful due to impediments from other laws.

The second official Shared Services panel meeting was held towards the end of August 2019, with the introduction of a new County Administrator. This meeting had better attendance and a slightly different direction. The Administrator asked the Office of Planning to facilitate the process moving forward. A brief review of previous efforts took place, followed by discussion of the handouts provided on sharing costs for grant writing services through Rotella Grant Management and the possibility of merging towns rather than dissolving villages. Guests from the NYS DOS were also present to answer any questions that panels members might have.

In September, all panel members were asked to fill out an online or paper survey. The survey asked various questions and yielded an approximate 50% return rate. In addition, those that did not respond still may have engaged in conversations with County staff regarding project ideas and other ways to save money. One idea is applying for the Local Government Efficiency Grant during the CFA cycle. Towns have been encouraged to use the discounted grant writing services on several occasions, mentioned above.

Survey respondents were given 30 days to respond to the survey, summarized below.

*1. Identify your municipality. The following entities responded to the survey.*

<i>Town of Grove</i>	<i>Village of Andover</i>
<i>Town of Birdsall</i>	<i>Village of Alfred</i>
<i>Town of Alma</i>	<i>Town of Cuba</i>
<i>Village of Canseraga</i>	<i>Town of Genesee</i>
<i>Village of Cuba</i>	<i>Town of Granger</i>

<i>Village of Richburg</i>	<i>Town of Wellsville</i>
<i>Town of Caneadea</i>	<i>Town of Andover</i>
<i>Allegany County DOH</i>	<i>Town of Almond</i>
<i>Town of Independence</i>	<i>Town of Willing</i>
<i>Town of New Hudson</i>	<i>Town of Friendship</i>

2. *Are you currently sharing (in 2019) any services with other municipalities or the County that were identified in the 2018 shared services plan?*

*Of those that responded, twelve indicated they are sharing services that were identified in the 2018 plan. Eight indicated they were not.*

3. *Have you made plans to begin a shared services contract or project that has not begun yet?*

*Ten responded yes, nine responded no, and one responded no but have interest in doing so.*

4. *If yes, what are the projects regarding? If no, are you interested in pursuing any specific projects?*

- *Municipal lighting*
- *Shared assessment*
- *Patching village streets and shared plowing*
- *Animal anti-rabies vaccination clinics with various municipalities. The County would support all supplies needed for the clinic, while the municipality would supply personnel to work the clinic (vet, vet tech, support staff)*
- *Bulk purchasing and water services*
- *Sidewalk*
- *Shared bookkeeping services*
- *Shared police patrol*

5. *If you are a new member of an existing code enforcement consortium please indicate your anticipated savings below.*

*Most respondents answered n/a; however one did indicate an expected savings of \$11,878.*

6. *If you are a new member of existing assessment consortium please indicate your anticipated savings below.*

*Most respondents answered n/a; however one indicated that while there are no known upfront savings the overall savings to the community would be a huge impact.*

7. *If you are participating in the new assessment consortium, recently created, please indicate your anticipated savings below.*

*Most respondents answered n/a; however there were a few responses with a projected answer. The range of savings between participating municipalities varies greatly with the minimum savings of \$500 to a maximum of \$65,000.*

8. *Do you have any interest in sharing services with Allegany County departments in the future?*

- *Human Resources & Planning*
- *Treasure & Human Resources*
- *Planning*
- *Treasurer, Human Resources, Health, Planning*
- *Health*
- *DPW – Streets*
- *Anything that would be cost and/or service betterment*
- *DPW – Engineer*
- *Planning*
- *Treasurer*
- *DPW*
- *Planning*
- *Yes but unclear at this time*
- *No*
- *IT – Use of a listserv*

Based on the answers from the survey summarized above, municipalities were then contacted to fill out the project worksheets, included as Attachment 2. The summary with total anticipated savings is included as Attachment 3. The first request was sent on November 6<sup>th</sup> 2019, followed by a second request on November 19<sup>th</sup>, 2019. Although the survey had about a 50% response rate and several project ideas were identified, only a small amount of worksheets providing details on identified projects were returned.

Allegany County has had to find creative and sustainable ways to continue providing services to residents for decades prior to unveiling the Governor’s County-Wide Shared Services Initiative. Many of our municipalities are governed by part time staff, and have previously eliminated any duplicate services. As stated in the 2018 Plan, there are numerous examples of shared services throughout Allegany County: joint electricity and natural gas procurement; shared capital maintenance of roads and bridges; shared specialty equipment; shared office space and storage; shared emergency services; shared recreation programs; shared tax assessment; shared code enforcement; shared animal control; shared building inspection; shared water resources; shared workers’ compensation insurance; shared justice court personnel; and shared staff working in dual capacities. This is not an exhaustive list. There are many hand shake agreements in place as well; however they remain uncaptured because they provide a wash in savings between participating municipalities.

The draft plan was presented to the Legislature on October 28<sup>th</sup>, 2019 detailing the correspondence with municipalities, expectations of New York State, and the time line

moving forward. Public hearings were scheduled for December 9<sup>th</sup>, December 10<sup>th</sup>, and December 12<sup>th</sup>, 2019. Proof of the public hearings as well as any public comments provided have been recorded in Attachment 4.

The panel vote is scheduled to take place on December 19<sup>th</sup>, 2019. A blank ballot has been included as Attachment 5. The vote tally, completed ballots, and a summary of the meeting will be included as Attachment 6 before final submission to NYS DOS.

Interested/participating municipalities:

Birdsall / West Almond  
Does this make the lead org: Allegany Co.?

Nature of the project:  Elimination of duplicative services  Sharing services  Reduction of overhead costs  Improved coordination of services  Other

Project description: Jersey Hill / Number One Rd. plow service

What is needed for operation of the proposed project: Cooperation between towns

Are there any impediments to move forward? NO

What is the timeline for accomplishment? ASAP

What are the local advantages? less road miles to plow

How would savings be realized? lower fuel costs, less wear on equipment, less over time payroll etc.

Please calculate savings generated by this proposal: (net diff of 4 miles @ \$3500/mile annually)

Is there a guarantee on the life of the project? indefinite

If so, what is it and what is the savings generated in the first year? \$14,000.00

Currently Birdsall plows approx. 6 miles of road for (2) full-time residents... If West Almond plowed these (2) residents out, it would be an additional 2 miles of road for them.

Birdsall currently allows W. Almond to plow approx. 3 miles of County Rd. (Co. Rd. 16) reimbursed to W. Almond at the 2019-20 rate of \$3575/mile, that lies in Birdsall town limits.

**Proposal for Consideration**

Proposed Project: Anti-Rabies Pet Vaccination Clinics

Contact Person/Title: Tyler J. Shaw, MHA / Director of Environmental Health

Lead Organization(s): Allegany County Department of Health

Email/Phone: [shawtj@alleganyco.com](mailto:shawtj@alleganyco.com) / (585) 268-9254

Interested/participating municipalities: Town(s) of Hume, Caneadea, Rushford, Andover, Wellsville, Independence, Willing, Alma, Bolivar

---

Nature of the project:  Elimination of duplicative services  Sharing services  Reduction of overhead costs  Improved coordination of services  Other

Project description: New York State currently mandates, through Public Health Law, that domestic dogs, cats, and ferrets be immunized against the rabies virus at age 12 weeks (3 months) of age and older. The typical work activities included the Allegany County Department of Health hosting and funding pet anti-rabies vaccination clinics each quarter. This comes at a significant cost to the County due to staffing requirements/time commitments, vet, and vet tech payments, supply costs, and vaccine costs. With a shared goal in mind with dog control officers/clerks in various towns in Allegany County, they wished to hold their own clinics and get multiple townships to participate and spread the word. In 2020, the plan will be to have various townships hold anti-rabies vaccination clinics where the Allegany County Department of Health will provide supplies such as rabies vaccine, syringes, rabies tags, sharps containers, and certificate booklets while the towns will supply the veterinarian and veterinarian technician and all administrative staff to run the clinic. This benefits the Towns because they have information right away of people that have dogs that need to be registered or the rabies vaccination has expired.

What is needed for operation of the proposed project: Rabies Vaccine, Syringes, Sharps Disposal Contracts, Sharps Containers, Administrative Staff, Licensed Veterinarian and Veterinarian Technician, Rabies Tags, Office Supplies, Rabies Certificate Booklets, Cleaning Supplies, Large Space to hold clinic

Are there any impediments to move forward? None at this time

What is the timeline for accomplishment? This will be accomplished by the 3<sup>rd</sup> quarter of 2020.

What are the local advantages? The local advantages are less travel time for residents in the perspective sponsored clinic townships. The clinics are spread throughout the County with a northern clinic, central clinics (2), and a southern clinic. The prevention of the local spread of the rabies virus to humans and domesticated animals will be diminished due to proper vaccination protection. The Town(s) will remain in compliance with NYS laws regarding rabies vaccination/licensing of dogs.

How would savings be realized?

County Savings- savings through lowered staff/administrative costs to run clinics, vet/vet tech costs

Town Savings- supply costs (vaccine, tags, syringes, office supplies, certificate booklets, sharps containers), time savings for Town DCOs/Clerks for registering animals if they have record of the vaccination already and do not have to contact the owner/health department

Please calculate savings generated by this proposal:

Is there a guarantee on the life of the project? Yes, this is a mandated activity for rabies control in New York State.

If so, what is it and what is the savings generated in the first year?

Savings figures for County and Town will be forthcoming

Project is located: in CUBA in ALLEGANY COUNTY

**Project Description:**

The Department has made a tentative determination to approve an application for the stabilization of approximately 150 linear feet of the south bank of Abbots Creek. The stabilization will be 12 feet wide and 3 feet deep and include stone rip rap. The project is located 1,100 feet downstream from the bridge crossing on County Road 7D over Abbots Creek at the inlet to Cuba Lake in the Town of Cuba. As a tentative determination, the Department is seeking comments on the proposed regulated activity prior to making a final decision on permit issuance. As such, this tentative determination does not signify Department approval for or endorsement of an activity for which a permit is sought.

**Availability of Application Documents:**

Filed application documents, and Department draft permits where applicable, are available for inspection during normal business hours at the address of the contact person. To ensure timely service at the time of inspection, it is recommended that an appointment be made with the contact person.

**State Environmental Quality Review (SEQR) Determination**

Project is an Unlisted Action and will not have a significant impact on the environment. A Negative Declaration is on file. A coordinated review was not performed.

SEQR Lead Agency None Designated

**State Historic Preservation Act (SHPA) Determination**

Evaluation using a Structural-Archaeological Assessment Form or other information has concluded that the proposed activity will not impact registered, eligible or inventoried archaeological sites or historic structures.

**DEC Commissioner Policy 29, Environmental Justice and Permitting (CP-29)**

It has been determined that the proposed action is not subject to CP-29.

**Availability For Public Comment**

Comments on this project must be submitted in writing to the Contact Person no later than 12/19/2019 or 15 days after the publication date of this notice, whichever is later.

**Summary of December 19, 2019  
Meeting and Final Vote Tally**

## Allegany County Shared Services Meeting Minutes December 19, 2019

---

- 1) Call to Order – The meeting was called to order at 7:00 pm by Allegany County Planning Director, Kier Dirlam. Director Dirlam identified the sign in sheet, ballots, draft plan, and the County-Wide Shared Services Initiative Guidance document that were provided to panel members.
  
- 2) Roll call of all present – Kier Dirlam, Allegany County Planning Director; Carissa Knapp, Allegany County Attorney and Acting County Administrator; Michelle Denhoff, Allegany County Planning and Development Specialist; Phil Stockin, Allegany County Legislator; Ron Staedt, Town of Alma Supervisor; Gus Weber, Town of Andover Supervisor; Bob Jones, Town of Angelica Supervisor; Cynthia Gowiski, Town of Birdsall Supervisor; Michel Cox, Town of Caneadea Supervisor; Russ Hall, Town of Friendship Supervisor; Alex Smith, Town of Genesee Supervisor; Jon Gorton, Town of Grove Supervisor; Bill Shuler, Town of New Hudson Supervisor; Kim Demick, Town of Scio Supervisor; Shad Alsworth, Town of Wellsville Supervisor; David Truax, Village of Andover Mayor; Michael Trivisondoli, Village of Angelica Mayor; Terry Schmelzer, Village of Belmont Mayor; Michele Miller, Village of Cuba Mayor; Rick Gould, Town of Bolivar Supervisor; Darlene Mason, Town of Hume Supervisor; Jeri Reichman, Town of Independence Supervisor; Brent Platt, Town of West Almond Supervisor; John Meehan, Village of Almond Mayor
  
- 3) Review of previous efforts – Director Dirlam opened the meeting by welcoming everyone in attendance and then began a review of recent happenings since the last Shared Services panel meeting was held. It is the hope of the administrative staff that the process will be much more streamlined in the future with an earlier start time of the process during the year and improved process moving forward.

Several participants made comments that they were disappointed that more panel members were not present for the vote. While they may not be impacted by the contents of the plan, other municipalities are and it is important to support those initiatives. Prior to the start of the vote, Director Dirlam announced the local winners of the CFA grants that were announced earlier in the day.

- 4) Vote on the Shared Services Plan – The 16 panel members present filled out their ballot votes and presented them at that time. Concurrently, video votes were cast by five panel members. **With a yes vote of the 22 members present, the Allegany County Shared Services Plan for potential savings in the year 2020 was passed.**
  
- 5) Adjournment – With no further business at the close of the vote, the meetings was adjourned at 8:10 pm.
