

**CAPITAL REGION**

**Applicant:** Town of Bethlehem

**County (ies):** Albany

**CFA Application Number:** 52674

**Project Name:** Local Waterfront Revitalization Program

**Project Description:** The Town of Bethlehem will update, complete and adopt its Local Waterfront Revitalization Program. The update will reflect the goals and objectives of the existing Bethlehem Comprehensive Plan and will include a comprehensive list of proposed waterfront revitalization projects. The project will involve the participation and input of stakeholders and residents.

**Amount Awarded:** \$37,500

**Applicant:** Town of Bolton

**County (ies):** Warren

**CFA Application Number:** 54765

**Project Name:** Rogers Memorial Park Phase 4 Waterfront Improvements

**Project Description:** The Town will implement: improvements to Rogers Memorial Park through construction of a pedestrian overlook and accessible, lit paths; installation of irrigation and stormwater infrastructure; stabilization of the hillside; and rehabilitation of the North Dock and extension of the public boat docks. The project will increase evening park visitation, improve aesthetics and stormwater management, correct erosion issues, reduce accidents on the swimming dock and increase use of the boating dock.

**Amount Awarded:** \$362,000

**Applicant:** Town of Germantown

**County (ies):** Columbia

**CFA Application Number:** 52616

**Project Name:** Local Waterfront Revitalization Plan

**Project Description:** The Town of Germantown will develop a Waterfront Revitalization Plan to assess public access and recreational opportunities along the Hudson River as well as economic investment. This Plan will foster sustainability, revitalization and economic investment within the Town.

**Amount Awarded:** \$15,000

**Applicant:** Town of Glenville

**County (ies):** Schenectady

**CFA Application Number:** 52338

**Project Name:** Planning for Glenville Freemans Bridge Gateway Revitalization

**Project Description:** The Town of Glenville will undertake project-specific planning, feasibility and design work for the redevelopment of the Freemans Bridge-Mohawk Riverfront gateway, which is being transitioned from its industrial past to a mix of service, retail, entertainment and waterfront dependent uses that enhance the safety, appearance and economic vitality of the area. Construction drawings, cost estimating and construction/permitting documentation will be developed.

**Amount Awarded:** \$50,000

**Applicant:** Greene County

**County (ies):** Columbia, Greene

**CFA Application Number:** 55766

**Project Name:** Hudson River Skywalk: Gateways Connecting Art History and Landscape

**Project Description:** Greene County will design gateways and construct pedestrian improvements for the Rip Van Winkle Bridge Skywalk to provide visual access to the Hudson River, strengthen the connection with the Thomas Cole National Historic Site, Olana State Historic Site, and the Village of Catskill's historic downtown and waterfront. In addition, an economic impact analysis and market study will be completed to determine potential revenue gains and promote the birthplace of the Hudson River School of Art.

**Amount Awarded:** \$124,250

**Applicant:** Town of Halfmoon

**County (ies):** Saratoga

**CFA Application Number:** 55654

**Project Name:** Halfmoon Waterfront Connection Project

**Project Description:** The Town of Halfmoon will complete final designs and construct a 10-foot wide multi-use pedestrian trail crossing of a Canadian Pacific Railway-owned rail line. This project will enable completion of the Environmental Protection Fund Local Waterfront Revitalization Program funded trail that will connect Lighthouse Park on Halfmoon's Hudson River waterfront with the Champlain Canalway Trail.

**Amount Awarded:** \$90,795

**Applicant:** Village of Hoosick Falls

**County (ies):** Rensselaer

**CFA Application Number:** 53605

**Project Name:** Local Waterfront Revitalization Plan

**Project Description:** The Village of Hoosick Falls, on the Hoosic River will complete a Local Waterfront Revitalization Plan. The planning process will develop a comprehensive community vision and provide clear direction for appropriate future development. The plan will focus on four key areas: enhancing physical and visual public waterfront access opportunities; revitalizing downtown areas; protecting community character; and improving the ability of the community to take advantage of river-related tourism.

**Amount Awarded:** \$37,500

**Applicant:** Town of Queensbury

**County (ies):** Essex, Warren, Washington

**CFA Application Number:** 56792

**Project Name:** Comprehensive Watershed Management Plan for Lake George

**Project Description:** The Town of Queensbury, in coordination with the Lake George Watershed Coalition, will develop a Watershed Management Plan for Lake George that will guide future actions. The plan will include a watershed vision statement; public participation plan; inventory and analysis of watershed assets and conditions; assessment of local laws and programs; recommendations for restoration and protection of water quality; and an implementation strategy.

**Amount Awarded:** \$243,000

**Applicant:** Town of Sand Lake

**County (ies):** Rensselaer

**CFA Application Number:** 52919

**Project Name:** Comprehensive Plan Update

**Project Description:** The Town of Sand Lake will update its Comprehensive Plan to include economic revitalization strategies; promote place-making; assess the need for additional or enhanced public access to Wynantskill Creek and to the many lakes of the Town; assess the feasibility of a trail along the Wynantskill that will connect into the Hamlet of Averill Park; assess the need for and propose local recreation and cultural programming that will bring more visitors to the town; and identify potential partnerships.

**Amount Awarded:** \$50,000

**Applicant:** Schenectady County

**County (ies):** Schenectady

**CFA Application Number:** 52684

**Project Name:** Bike Trail Feasibility Study

**Project Description:** Schenectady County will conduct a Bike Trail Feasibility Study for the construction of a new off-street segment of the Mohawk-Hudson Bike Trail, along the southern shore of the Mohawk River. The trail will have to pass under a CSX bridge to connect the local Front Street Park and Riverside Park with a trail segment, presently under development, adjacent to the future Mohawk Harbor and Rivers Casino. The NYS Canal Corporation and CSX Railroad will be consulted.

**Amount Awarded:** \$15,000

**Applicant:** Town of Stillwater

**County (ies):** Saratoga

**CFA Application Number:** 53258

**Project Name:** Route 9P Corridor Revitalization Plan

**Project Description:** The Town of Stillwater will undertake a revitalization planning study aimed at improving accessibility and safety along Saratoga Lake's Route 9P Corridor and enhancing economic vitality and quality of life. The Study will incorporate design plans for Brown's Beach Community Center, a tourism information center, public restroom and concession facility, and a multi-use trail. Examination of water, sewer and storm water infrastructure will be included to plan for corridor growth and development.

**Amount Awarded:** \$50,000

**Applicant:** Village of Tannersville

**County (ies):** Greene

**CFA Application Number:** 51707

**Project Name:** Gooseberry Creek Corridor Revitalization Planning and Design

**Project Description:** The Village of Tannersville will complete three community and waterfront revitalization projects including preparation of a Gooseberry Creek Corridor Revitalization Strategy focused on revitalizing Main Street and enhancing public access to the Gooseberry Creek Corridor; a Lake Rip Van Winkle Restoration Study to identify and design alternative methods for restoring water quality and managing stormwater; and design of a trail network around Lake Rip Van Winkle to extend the Huckleberry Trail.

**Amount Awarded:** \$150,000

**Applicant:** City of Troy

**County (ies):** Rensselaer

**CFA Application Number:** 56446

**Project Name:** Comprehensive Plan Implementation

**Project Description:** The City of Troy will conduct a comprehensive zoning update to ensure appropriate development and prepare designs for five projects identified in its 2015 Comprehensive Plan. These include Ingalls Avenue Shoreline Park expansion, Lansingburgh Waterfront Park, Green Island Bridge Gateway, Riverfront Park Marina, and Riverfront Park Front Street-Uncle Sam Bus Stop and One Monument Square.

**Amount Awarded:** \$600,000

**Applicant:** Warren County

**County (ies):** Saratoga, Warren

**CFA Application Number:** 50488

**Project Name:** First Wilderness Plan Implementation 2015

**Project Description:** The County of Warren and project partners will implement goals established in the First Wilderness Heritage Corridor Plan in Warren and Saratoga Counties. Projects include development of a new park and enhancements to two existing parks on the Schroon River in Warrensburg, enhancements to the Warrensburg community center, construction of streetscape improvements in North Creek, and development of plans for a regional waterfront hiking and biking trail.

**Amount Awarded:** \$425,988

**Applicant:** Town of Waterford

**County (ies):** Saratoga

**CFA Application Number:** 55686

**Project Name:** Mohawk Gateway Streetscape Project

**Project Description:** The Town of Waterford, in partnership with the Village of Waterford and the Waterford Historical Museum, will implement the Town/Village Local Waterfront Revitalization Program by improving the southern gateway corridor and Northside Historic District. The projects will include design and construction of signs, sidewalks, street trees, landscaping, lighting, furniture and green space; road repairs to facilitate park and museum access; and a museum enhancement feasibility study.

**Amount Awarded:** \$370,000

#### **CENTRAL NEW YORK**

**Applicant:** Cayuga County

**County (ies):** Cayuga

**CFA Application Number:** 50368

**Project Name:** Village of Union Springs and Town of Springport Waterfront Revitalization Plan

**Project Description:** The Cayuga County Department of Planning and Economic Development will assist the Village of Union Springs and Town of Springport in preparing a joint Waterfront Revitalization Plan. The plan will include an inventory and analysis of existing conditions, develop a vision for the future of the local waterfront, assess recreation areas and the historic downtown. It will, set goals, objectives, and program policies that clearly articulate how the communities intend to realize their vision.

**Amount Awarded:** \$58,000

**Applicant:** Cayuga County

**County (ies):** Cayuga, Onondaga, Tompkins

**CFA Application Number:** 54132

**Project Name:** Owasco Lake Watershed Management Plan Implementation - Incorporation of the EPA Nine Key Elements

**Project Description:** Cayuga County will implement a priority action in the Owasco Lake Watershed Management Plan by incorporating the Environmental Protection Agency's nine key elements. The additional elements will include quantitative evaluation of current pollutant load by subwatershed, as well as a projection of estimated load reductions from the implementation of targeted best management practices (BMPs). The plan addendum will identify potential BMPs and prioritize areas of the watershed for implementation.

**Amount Awarded:** \$35,000

**Applicant:** Village of Cayuga

**County (ies):** Cayuga

**CFA Application Number:** 41990

**Project Name:** Zoning Revisions

**Project Description:** The Village of Cayuga will prepare zoning revisions to support the implementation of the Cayuga Comprehensive Plan, which was funded by a previous Environmental Protection Fund Local Waterfront Revitalization Program grant. This project is the second phase of a local planning effort that involves an inclusive public outreach process and supports sustainable economic growth consistent with regional goals.

**Amount Awarded:** \$25,000

**Applicant:** Town of Cicero

**County (ies):** Onondaga

**CFA Application Number:** 53261

**Project Name:** Bennett Street Installation of Streetscape Improvements

**Project Description:** The Town of Cicero will continue to install streetscape improvements in the Hamlet of Brewerton, along Bennett Street and its corner with NYS Route 11. This project implements the streetscape improvements design and complements the renovation of a waterfront park funded through previous Environmental Protection Fund Local Waterfront Revitalization Program grants.

**Amount Awarded:** \$121,500

**Applicant:** Village of Cleveland

**County (ies):** Oswego

**CFA Application Number:** 56389

**Project Name:** Dock Rehabilitation

**Project Description:** Oswego County, on behalf of the Village of Cleveland, will rehabilitate the NYS Canal Corporation structure Cleveland Dock. The project will stabilize the dock with sheet piling and add fishing access, a floating dock system for large transient boats, a cartop boat launch, a pump-out station, a restroom/shower, a picnic shelter and interpretive signage about its history. This project is also being funded by NYS DEC (NY Works) and a U.S. Fish and Wildlife Service Boating Infrastructure Grant.

**Amount Awarded:** \$400,000

**Applicant:** Madison County

**County (ies):** Madison, Oneida, Onondaga

**CFA Application Number:** 53350

**Project Name:** Old Erie Canal Waterfront Revitalization Plan

**Project Description:** The Madison County Planning Department will prepare a joint Waterfront Revitalization Plan for the waterfront communities located along the Old Erie Canal, within Onondaga, Madison, and Oneida Counties. This project will catalyze and inform new development opportunities along a 36-mile corridor that stretches from the Town of DeWitt to the City of Rome following the Old Erie Canal State Park.

**Amount Awarded:** \$83,000

**Applicant:** City of Oswego

**County (ies):** Oswego

**CFA Application Number:** 56924

**Project Name:** Waterfront Feasibility Study

**Project Description:** The City of Oswego will conduct a Waterfront Feasibility Study to assess the economic and development opportunities for eight city-owned properties in the waterfront area: Breitback Park, McCrobie Building, Wrights Landing, International Marina, Flexowire, Cahill Building, and two parking lots. This waterfront area has been underutilized, yet has the greatest potential to spur local economic growth. The study will use intensive workshops, with participation from stakeholders and the public.

**Amount Awarded:** \$132,250

**Applicant:** City of Syracuse

**County (ies):** Onondaga

**CFA Application Number:** 56311

**Project Name:** Seneca Turnpike Corridor

**Project Description:** To implement its Revitalization Plan for Onondaga Creek, the City of Syracuse will design and construct an access project adjacent to Onondaga Creek near Seneca Turnpike. This project will be closely coordinated with planned streetscape improvements along Seneca Turnpike, providing multi-modal connections to the creek.

**Amount Awarded:** \$475,500

## FINGER LAKES

**Applicant:** City of Canandaigua

**County (ies):** Ontario, Yates

**CFA Application Number:** 52293

**Project Name:** Promotion and Protection of Canandaigua Lake Phase II

**Project Description:** The City of Canandaigua will implement high priority projects focusing on water quality, invasive species management, and flood protection. Project components include construction of stormwater and flood protection wetlands; stabilization of roadside ditches; replacement of undersized culverts; updating local codes; promoting and improving access sites; continuation of the Invasive Species Management Program; completion of a macrophyte survey; and building capacity for planning by GIS mapping.

**Amount Awarded:** \$643,000

**Applicant:** City of Geneva

**County (ies):** Ontario

**CFA Application Number:** 52923

**Project Name:** Seneca Lake Access Improvements Phase 4 Design

**Project Description:** The City of Geneva will design an extension to Long Pier to expand marina capacity, continuing implementation of their Waterfront Infrastructure Feasibility Study. The project will support the City's tourism economy by enhancing public waterfront access to downtown.

**Amount Awarded:** \$70,000

**Applicant:** Village of LeRoy

**County (ies):** Genesee

**CFA Application Number:** 57371

**Project Name:** Waterfront and Downtown Revitalization Strategy

**Project Description:** The Village of LeRoy will prepare a Waterfront and Downtown Revitalization Strategy. The Strategy will result in a unified vision and approach for economic growth.

**Amount Awarded:** \$20,000

**Applicant:** Town of Livonia

**County (ies):** Livingston

**CFA Application Number:** 54279

**Project Name:** Wilkins Creek SubWatershed Stormwater Study

**Project Description:** The Town of Livonia will develop an engineering study to address stormwater management in the Wilkins Creek Subwatershed. The study will identify strategies to slow down runoff into the creek via green infrastructure and other stormwater management practices. Zoning and land use regulations will be analyzed, leading to recommendations for amendments to incorporate green infrastructure solutions and consider a comprehensive look at stormwater connections when approving future development.

**Amount Awarded:** \$14,000

**Applicant:** Orleans County

**County (ies):** Orleans

**CFA Application Number:** 55805

**Project Name:** Kendall-Yates-Carlton Local Waterfront Revitalization Program Update

**Project Description:** Orleans County, in partnership with the Towns of Kendall, Yates and Carlton, will amend the Kendall-Yates-Carlton Local Waterfront Revitalization Program (LWRP) to update current conditions, policies, and implementation tools and projects. Issues to be addressed include community revitalization, erosion, transportation infrastructure, water quality, and harbor management. Stakeholder feedback and public input will be solicited throughout development of the amended LWRP.

**Amount Awarded:** \$40,000

**Applicant:** City of Rochester

**County (ies):** Monroe

**CFA Application Number:** 52949

**Project Name:** Design of West River Wall Renovations

**Project Description:** The City of Rochester will design flood resiliency and public access improvements along 1.1 miles of the Genesee River from Corn Hill Landing to the Erie Lackawanna Pedestrian Bridge. This project includes a complete evaluation of the West River Wall, assessment of options to restore the flood protection structure necessary to receive FEMA accreditation, and development of a waterfront design for improved access to the Genesee River.

**Amount Awarded:** \$750,000

**Applicant:** City of Rochester

**County (ies):** Monroe

**CFA Application Number:** 55032

**Project Name:** Design of Charles Carroll Park Plaza Renovations

**Project Description:** The City of Rochester will design renovations to Charles Carrol Park Plaza along the Genesee River. Renovations will include repair and replacement of pavers and precast concrete panels, structural repairs, walkway modifications, landscaping, new Americans with Disabilities Act compliant ramps, benches, bicycle amenities, railing, and lighting upgrades. The renovated plaza will serve as a catalyst for attracting and retaining private developers and businesses adjacent to the plaza.

**Amount Awarded:** \$400,000

**Applicant:** City of Rochester

**County (ies):** Monroe

**CFA Application Number:** 57206

**Project Name:** Erie Harbor Enhancements Phase II Design

**Project Description:** The City of Rochester will design enhancements of Genesee Gateway Park and Genesee Riverway Trail at Erie Harbor along the Genesee River. Enhancements will include walkways, plantings, furnishings, wayfinding signage, recreation amenities, and rehabilitation of the deteriorated river rail and trail pavement.

**Amount Awarded:** \$100,000

**Applicant:** Village of Waterloo

**County (ies):** Seneca

**CFA Application Number:** 55777

**Project Name:** Waterfront to Downtown Trail Connection

**Project Description:** The Village of Waterloo will design and construct a trail connection from the Cayuga-Seneca Canal and the Oak Island Canal Port to South Virginia Street, and the Village's downtown. Construction will include installation of a multi-use path, sidewalks, lighting, landscaping, and repaving of a existing municipal parking area.

**Amount Awarded:** \$145,000

**Applicant:** Town of Webster

**County (ies):** Monroe

**CFA Application Number:** 50416

**Project Name:** Sandbar Waterfront Park Improvements Design

**Project Description:** The Town of Webster will design improvements for Sandbar Waterfront Park along Irondequoit Bay and Lake Ontario. Improvements will include recreation and educational zones along the lake and bay linked via a system of waterfront trails and boardwalks, picnic shelter, public restrooms, a playground and environmental education stations, transient boat docks, a car-top boat launch, and parking.

**Amount Awarded:** \$118,000

**LONG ISLAND**

**Applicant:** City of Long Beach

**County (ies):** Nassau

**CFA Application Number:** 51148

**Project Name:** Resilient Connections

**Project Description:** The City of Long Beach will design and construct streetscape improvements to create a more resilient and connected commercial corridor between Long Beach Boulevard and Grand Boulevard. The City will address significant access and safety issues by reducing conflicts between motorists, pedestrians and cyclists, alleviate parking demand and generate essential economic activity while encouraging alternative more environmentally friendly modes of transportation and transit-oriented development.

**Amount Awarded:** \$500,000

**Applicant:** Village of Mastic Beach

**County (ies):** Suffolk

**CFA Application Number:** 51755

**Project Name:** Comprehensive Plan

**Project Description:** The Village of Mastic Beach will develop a comprehensive plan to provide direction for revitalization addressing sustainability, resiliency and energy efficiency. The community was severely impacted by Superstorm Sandy and a studied review of the community's waterfront must be conducted to address the new dynamics on the waterfront resulting from the last major coastal storm.

**Amount Awarded:** \$17,175

**Applicant:** Town of North Hempstead

**County (ies):** Nassau

**CFA Application Number:** 55165

**Project Name:** Environmental Master Plan

**Project Description:** The Town of North Hempstead will prepare a Townwide Environmental Master Plan, including planning for Surface and Groundwater Protection, Habitat (preservation, restoration, and enhancement), and Climate Change strategies. The Environmental Master Plan will also include conceptual designs for an environmental and waterfront recreational area comprised of 83 acres of beach parks with approximately 6,000 feet of shoreline, 200 acres of wetlands and meadow habitat.

**Amount Awarded:** \$122,200

**Applicant:** Town of Southold

**County (ies):** Suffolk

**CFA Application Number:** 52610

**Project Name:** Southold Prosperity - A Strategic Plan for Jobs, Housing, Natural Resources & Heritage

**Project Description:** The Town of Southold will complete its Comprehensive Plan Update by preparing chapters addressing land use, infrastructure and transportation. The Town will also conduct environmental quality review analysis (SEQR) and, once adopted, implement action items from the plan.

**Amount Awarded:** \$165,370

**MID-HUDSON**

**Applicant:** City of Beacon

**County (ies):** Dutchess

**CFA Application Number:** 56925

**Project Name:** Transit Oriented Development Plan

**Project Description:** The Town of Beacon will develop a Transit Oriented Development Plan (TOD), anchored by its Beacon Metro North train station and Hudson River waterfront. The plan will include an economic development strategy for the downtown business district, and recommend zoning and comprehensive plan amendments commensurate with the TOD plan.

**Amount Awarded:** \$50,000

**Applicant:** Town of Marlborough

**County (ies):** Ulster

**CFA Application Number:** 51329

**Project Name:** Waterfront Revitalization Plan and Comprehensive Plan Update

**Project Description:** The Town of Marlborough will prepare a Waterfront Revitalization Plan concurrent with the development of a Comprehensive Plan update. The project will address public waterfront access opportunities, hamlet and downtown revitalization, community character, river-related tourism, and identify suitable transfer of development rights receiving zones to protect natural and cultural resources.

**Amount Awarded:** \$135,000

**Applicant:** Village of Nyack

**County (ies):** Rockland

**CFA Application Number:** 54714

**Project Name:** Local Waterfront Revitalization Program Update

**Project Description:** The Village of Nyack will update its 1992 Local Waterfront Revitalization Program (LWRP) to guide development within their waterfront revitalization area. The LWRP will include recommendations for revitalization strategies that integrate the waterfront with plans and programs in the entire Village, reduce risks to infrastructure and property from sea level rise, enable economic revitalization, and enhance coastal natural resources that make the Village a regional tourist destination.

**Amount Awarded:** \$75,000

**Applicant:** City of Peekskill

**County (ies):** Westchester

**CFA Application Number:** 51399

**Project Name:** Construction of Charles Point Multi-Use Waterfront Trail

**Project Description:** The City of Peekskill will construct a multi-use trail from Charles Point Pier Park to the Charles Point Marina. This trail will promote public access to the Hudson River waterfront, provide recreational opportunities and stimulate economic development within the region.

**Amount Awarded:** \$950,000

**Applicant:** Town of Philipstown

**County (ies):** Dutchess, Putnam

**CFA Application Number:** 54508

**Project Name:** Hudson Highlands Fjord Trail - Shoreline Trail Design

**Project Description:** The Town of Philipstown, in partnership with Scenic Hudson, will design a 1.4 mile segment of the Hudson Highlands Fjord Trail along the Hudson River between Little Stony Point and Breakneck Ridge.

**Amount Awarded:** \$400,000

**Applicant:** City of Port Jervis

**County (ies):** Orange

**CFA Application Number:** 55262

**Project Name:** Land Use and Development Code Update

**Project Description:** The City of Port Jervis will review and update its land use and development codes to foster mixed land uses, downtown revitalization, recreational opportunities and commercial development. The update will also encourage diverse and affordable housing and the establishment of a waterfront district.

**Amount Awarded:** \$50,000

**Applicant:** City of Poughkeepsie

**County (ies):** Dutchess

**CFA Application Number:** 56208

**Project Name:** Kaal Rock Connector Feasibility Study

**Project Description:** The City of Poughkeepsie will conduct a feasibility study for the Kaal Rock Connector trail between Wayras Park and Kaal Rock Park along the Hudson River waterfront. The study will assess the feasibility of two alternatives, including a cantilevered trail and a floating riverfront walkway. This study is a critical step in the creation of a continuous trail along the Poughkeepsie waterfront.

**Amount Awarded:** \$92,075

**Applicant:** Village of Saugerties

**County (ies):** Ulster

**CFA Application Number:** 41201

**Project Name:** Local Waterfront Revitalization Program Update

**Project Description:** The Village of Saugerties will update its 1985 Local Waterfront Revitalization Program to identify flood mitigation strategies and new water-based tourism infrastructure and recreation projects that promote sustainable economic development.

**Amount Awarded:** \$20,000

**Applicant:** Town of Stony Point

**County (ies):** Rockland

**CFA Application Number:** 57055

**Project Name:** Local Waterfront Revitalization Program Update

**Project Description:** The Town will update its 1994 Local Waterfront Revitalization Program to reflect changes to the waterfront due to storm and hurricane damage and the need for economic improvements. The LWRP will align planning with current regulations, guidelines, and zoning to prepare for future development and will address sustainability, energy efficiency, harbor management, incorporation of green solutions, and public input. The LWRP update will continue the revitalization effort begun through NY Rising.

**Amount Awarded:** \$65,978

**Applicant:** Village of Tarrytown

**County (ies):** Westchester

**CFA Application Number:** 56785

**Project Name:** Update of Comprehensive Plan and Zoning Regulations

**Project Description:** The Village of Tarrytown will update its Comprehensive Plan to incorporate an economic development strategy and develop new zoning regulations that will foster implementation of their transit-oriented development concept plan for their train station and waterfront area.

**Amount Awarded:** \$100,000

**Applicant:** Village of Tivoli

**County (ies):** Dutchess

**CFA Application Number:** 56388

**Project Name:** Design of Tivoli Waterfront Park

**Project Description:** The Village of Tivoli will develop design and engineering documents to improve the bulkhead, stabilize the shoreline, manage stormwater and incorporate site amenities for Tivoli Waterfront Park. The Park will include a pedestrian overpass, a trail system, picnic facilities, benches, landscaping, a floating dock and a hand launch for small watercraft.

**Amount Awarded:** \$25,000

**Applicant:** Village of Wappingers Falls

**County (ies):** Dutchess

**CFA Application Number:** 56978

**Project Name:** Wappinger Creek Watershed Revitalization Plan

**Project Description:** The Village of Wappingers Falls will complete a comprehensive study of point and nonpoint source pollution into the Wappinger Creek Watershed. The plan will analyze Wappinger Creek from its headwaters to Wappinger Lake in an effort to identify key contributors to pollutant-loading, which is deteriorating water quality and flood storage. The plan will set implementation timeframes, establish guidelines, and identify practices, including artificial wetlands and green infrastructure.

**Amount Awarded:** \$287,500

### **MOHAWK VALLEY**

**Applicant:** City of Amsterdam

**County (ies):** Montgomery

**CFA Application Number:** 57532

**Project Name:** Planning for Relocation of the Amtrak Station

**Project Description:** The City of Amsterdam will prepare detailed site plans to relocate the Amtrak station from the 100-year flood plain at the West End, to its pre-1960 downtown core site. Identified in several City plans, the project will advance existing feasibility and design studies as preparation for construction funding application. Relocation will provide an economic boost to downtown, enhancing waterfront access and connections to the Mohawk Valley Gateway Overlook.

**Amount Awarded:** \$115,000

**Applicant:** Village of Mohawk

**County (ies):** Herkimer

**CFA Application Number:** 55768

**Project Name:** Fulmer GreenPlain Park North

**Project Description:** The Village of Mohawk will design and construct an additional section of the linear trail and boardwalk linkages to connect with the Canalway Trail. The Environmental Protection Fund Local Waterfront Revitalization Program funded portion of the project will build on the Village of Mohawk's 2014 CFA-funded project to implement the NY Rising strategy to stabilize the Fulmer Creek corridor to reduce impacts of stormwater, maintain natural drainageways, and reduce streambank erosion.

**Amount Awarded:** \$124,227

**Applicant:** Oneida County

**County (ies):** Fulton, Oneida, Schoharie

**CFA Application Number:** 53632

**Project Name:** Mohawk River Watershed Management Plan Implementation - Stream Restoration

**Project Description:** The County of Oneida, in collaboration with the Mohawk River Watershed Coalition, will implement the Mohawk River Watershed Management Plan to restore stream systems which have experienced extreme flooding. The project will include appropriate shoreline restoration practices, resizing culverts, reconnecting floodplains and installing riparian buffers.

**Amount Awarded:** \$907,600

**Applicant:** Village of St. Johnsville

**County (ies):** Montgomery

**CFA Application Number:** 55815

**Project Name:** Soldiers and Sailors Memorial Park Improvements

**Project Description:** The Village of St. Johnsville will construct improvements to the Memorial Wall, replace aged children's equipment and the Little League scoreboard and rehabilitate dugouts and stands in Soldiers and Sailors Memorial Park. The project will restore the Park as a safe community center, honoring generations of veterans and encouraging children to be active and healthy. This is a priority project in the Western Montgomery County Local Waterfront Revitalization Program.

**Amount Awarded:** \$75,000

**Applicant:** Village of Sylvan Beach

**County (ies):** Oneida

**CFA Application Number:** 54810

**Project Name:** Design of Bathhouse and Welcome Center

**Project Description:** The Village of Sylvan Beach will complete construction and bidding documents for a new bathhouse and Welcome Center that will provide needed services to over 221,000 seasonal visitors and new local employment opportunities. This project will advance the Village's draft Local Waterfront Revitalization Program.

**Amount Awarded:** \$103,000

**Applicant:** Village of Sylvan Beach

**County (ies):** Oneida

**CFA Application Number:** 55264

**Project Name:** Local Waterfront Revitalization Program and Comprehensive Plan

**Project Description:** The Village of Sylvan Beach will complete the preparation of a Local Waterfront Revitalization Program (LWRP) and Comprehensive Plan. The resulting document will comprehensively identify strategies to improve the local economy, and address local issues and opportunities, including those regarding local infrastructure and existing structures, and tourism capacity and sales tax revenue. This project builds on planning efforts funded through a previous Environmental Protection Fund LWRP award.

**Amount Awarded:** \$16,250

### NEW YORK CITY

**Applicant:** Borough of Brooklyn

**County (ies):** Kings

**CFA Application Number:** 52783

**Project Name:** Waterfront Greenway Phase 5

**Project Description:** The Office of the Brooklyn Borough President will undertake a multi-component project for South Brooklyn. The project will implement the Red Hook NY Rising Community Reconstruction Plan's Integrated Flood Protection System (IFPS), by integrating the Greenway into the design of the IFPS, and will design and construct Columbia Waterfront Park at its northern end. A feasibility study will be completed to use the greenway as an IFPS for the Sunset Park waterfront to help reduce flood risk.

**Amount Awarded:** \$1,820,000

**Applicant:** City of New York

**County (ies):** Bronx

**CFA Application Number:** 53740

**Project Name:** Harlem River Watershed Plan - Bronx Side

**Project Description:** The New York City Department of Parks & Recreation will prepare a management plan for the Bronx's Harlem River Watershed. The plan will identify opportunities for water resource protection, stormwater management, habitat restoration, resiliency, and public use. The project will also plant 250 street trees adjacent to the waterfront through four Bronx Community Boards along the Harlem River to help green the streets, capture stormwater, provide shade and enhance the waterfront.

**Amount Awarded:** \$350,000

**Applicant:** City of New York

**County (ies):** Richmond

**CFA Application Number:** 54904

**Project Name:** Shoreline Parks Plan for the East Shore of Staten Island

**Project Description:** The New York City Department of Parks & Recreation will undertake the Shoreline Parks Plan to complement the U.S. Army Corps of Engineers proposed construction of a buried seawall for greater shoreline protection, from Fort Wadsworth to Great Kills Park on East Shore Staten Island. The Shoreline Parks Plan will identify and plan opportunities for the redevelopment of affected parkland and facilities, and include preliminary designs for identified projects.

**Amount Awarded:** \$415,000

**Applicant:** City of New York

**County (ies):** Richmond

**CFA Application Number:** 55094

**Project Name:** Freshkills Park Community Hub

**Project Description:** The NYC Department of Parks & Recreation (DPR) will complete designs for a Community Hub at the edge of the East Park section of Freshkills Park on West Shore Staten Island. The Hub will be an entrance to the Park from Richmond Avenue. The Hub will inform on the world's largest landfill-to-park conversion, ecological restoration, and recreational resources. DPR will continue to deliver onsite programming, community outreach, and K-12 modules to maintain support of ongoing park development.

**Amount Awarded:** \$280,106

### **NORTH COUNTRY**

**Applicant:** Town of Alexandria

**County (ies):** Jefferson

**CFA Application Number:** 53953

**Project Name:** Downtown Streetscape Improvements

**Project Description:** The Town of Alexandria and the Village of Alexandria Bay will design and install streetscape improvements, including sidewalk repairs, benches, streetlights, trash receptacles and bike racks. The Town will also repair the Holland Street boat launch. These projects will implement the Town and Village's joint Local Waterfront Revitalization Program, connecting the Village's downtown to the new Riverwalk, improving access and amenities for local residents, business owners, and tourists.

**Amount Awarded:** \$618,000

**Applicant:** Town of Bellmont

**County (ies):** Franklin

**CFA Application Number:** 52410

**Project Name:** Mountain View and Indian Lakes Community Restoration Plan

**Project Description:** The Town of Bellmont, in partnership with the Franklin County Soil and Water District and the Mountain View Association, will conduct an engineering study for dredging feasibility project, for Mountain View and Indian Lakes in the Adirondack Park. Sediment deposition has encouraged invasive plant growth, reduced water quality and habitat, and threatened property values around the lakes, which are community and regional economic assets. Partners will also remediate erosion on lake tributaries.

**Amount Awarded:** \$70,000

**Applicant:** Town of Canton

**County (ies):** St. Lawrence

**CFA Application Number:** 51562

**Project Name:** Land Use Waterfront Planning

**Project Description:** The Town of Canton will build upon the Canton Grasse River Waterfront Revitalization Plan by updating the 1978 Comprehensive Land Use Plan and creating a marketing plan for the Grasse River Blueway. The Town will also partner with the Towns of Oswegatchie and DeKalb and the Villages of Rensselaer Falls, Heuvelton and Richville to develop a Local Waterfront Revitalization Plan for the Oswegatchie River. These projects will protect natural resources and promote economic development and tourism.

**Amount Awarded:** \$47,500

**Applicant:** Village of Clayton

**County (ies):** Jefferson

**CFA Application Number:** 55606

**Project Name:** Historic District Infrastructure Improvements

**Project Description:** The Village of Clayton will improve infrastructure in the historic downtown waterfront area where local businesses employ over 270 people. Improvements include burying of high voltage power lines to allow maintenance of historic buildings currently limited by the High Voltage Proximity Act. Coordination to coincide with of timing of improvements from a scheduled NYS Department of Transportation project to rehabilitate streets, curbs, and sidewalks, is essential.

**Amount Awarded:** \$500,000

**Applicant:** Town of Fine

**County (ies):** St. Lawrence

**CFA Application Number:** 51284

**Project Name:** Clifton-Fine Waterfront Revitalization

**Project Description:** The Town of Fine will partner with the Town of Clifton to implement projects from their joint Waterfront Revitalization Strategy. Projects will include construction drawings and installation of streetscape improvements at Clifton-Fine Municipal Golf Course to improve the entrance and provide an eco-tourism visitors center. It will also continue of the Clifton/Fine branding project by designing and installing wayfinding signs and developing marketing materials for both winter and summer sports.

**Amount Awarded:** \$68,900

**Applicant:** Franklin County

**County (ies):** Clinton, Essex, Franklin, Jefferson, Lewis, Hamilton, Herkimer, St. Lawrence

**CFA Application Number:** 52406

**Project Name:** St Lawrence River Watershed Revitalization Plan

**Project Description:** Franklin County will develop a St. Lawrence River Watershed Revitalization Plan, covering 300,000 square miles in eight counties. The plan will provide a description of the watershed and a summary of baseline conditions; identify key problems and watershed goals; and offer watershed management recommendations. An implementation strategy will identify projects, plans, programs and organizations that will benefit the region with economic investment, sustainability, and community revitalization.

**Amount Awarded:** \$225,000

**Applicant:** Jefferson County

**County (ies):** Jefferson

**CFA Application Number:** 53151

**Project Name:** Dexter Bridge over the Black River Design

**Project Description:** Jefferson County, in partnership with the Village of Dexter, will prepare designs for repair of the 1937 Canal Street Bridge to maintain access to Fish Island, important to the region for recreation, tourism, education and research. The project will implement the Village's Local Waterfront Revitalization Program and allow crucial maintenance of the Enel hydropower plant.

**Amount Awarded:** \$120,384

**Applicant:** Village of Tupper Lake

**County (ies):** Franklin

**CFA Application Number:** 50409

**Project Name:** Leveraging the Tourism Economy Along Central Adirondack Blueways

**Project Description:** The Village of Tupper Lake will partner with Central Adirondack communities to enhance tourism and sustainability through design and construction of a waterfront park and gateway improvements and website development in Tupper Lake; culvert replacement and streambank restoration in Jay and Keene; design of Lake Everest dam improvements in Wilmington; Lake Flower Trail design in Saranac Lake; development of a vision plan in Piercefield; and installation of docks on Sixth Lake in Inlet.

**Amount Awarded:** \$920,000

### **SOUTHERN TIER**

**Applicant:** Village of Addison

**County (ies):** Steuben

**CFA Application Number:** 53008

**Project Name:** Waterfront Revitalization Plan

**Project Description:** The Village of Addison will prepare a Waterfront Revitalization Plan for its waterfront area located at the confluence of Tuscarora Creek and the Canisteo River. The project will include an inventory and description of existing natural and man-made conditions along 3.69 miles of navigable waters and a comprehensive analysis of waterfront issues, opportunities, constraints to development, and resource protection.

**Amount Awarded:** \$13,505

**Applicant:** City of Binghamton

**County (ies):** Broome

**CFA Application Number:** 52439

**Project Name:** Local Waterfront Revitalization Program Update

**Project Description:** The City of Binghamton will update its 2005 Local Waterfront Revitalization Program (LWRP) to reflect significant new development as well as destruction of housing and businesses from flooding. The LWRP update will guide appropriate development, increase utilization of the waterfront, mitigate risks from future extreme weather events, and promote economic development in order to improve the overall quality of life for residents and visitors.

**Amount Awarded:** \$50,000

**Applicant:** Village of Delhi

**County (ies):** Delaware

**CFA Application Number:** 51428

**Project Name:** River Park and Walk

**Project Description:** The Village of Delhi will construct the Delhi River Park and Walk to increase access to the West Branch of the Delaware River. The project will connect the downtown and river and include a new boat launch, recreational trails, fishing pier, pavilion, park amenities, streambank improvements, stormwater management system, and removal of invasive species.

**Amount Awarded:** \$107,666

**Applicant:** City of Ithaca

**County (ies):** Tompkins

**CFA Application Number:** 51179

**Project Name:** Local Flood Hazard Analysis

**Project Description:** The City of Ithaca will conduct a Local Flood Hazard Analysis resulting in an engineering study that identifies both flood risks and potential flood mitigation measures, develops hydrologic and hydraulic models, prioritizes risks, and develops a cost/benefit analysis. The City will collaborate with local municipalities and agencies, the U.S. Geological Survey, and Cornell University to assist in performing the analysis and providing peer review of results and recommendations.

**Amount Awarded:** \$150,000

**Applicant:** Town of Roxbury

**County (ies):** Delaware

**CFA Application Number:** 52954

**Project Name:** Kirkside Park Improvements

**Project Description:** The Town of Roxbury will continue improvements at Kirkside Park on the East Branch of the Delaware River building on previous Environmental Protection Fund (EPF) Local Waterfront Revitalization Program awards. This project will include construction of a commercial kitchen in the north barn to support the economic vitality of area farmers and culinary artisans and encourage entrepreneurial activity.

**Amount Awarded:** \$135,000

**Applicant:** Tompkins County

**County (ies):** Cayuga, Seneca, Tompkins

**CFA Application Number:** 52781

**Project Name:** Cayuga Lake Blueway Trail Implementation

**Project Description:** The County of Tompkins, in partnership with Cayuga and Seneca Counties, will implement recommendations from the Cayuga Lake Blueway Trail Plan to enhance tourism and economic development. The project will: include design and construction of boating access improvements at Cass, Stewart Park East and Stewart Park West; trail signage design and fabrication; and development of branding and marketing materials to establish and promote the new water trail.

**Amount Awarded:** \$101,245

**Applicant:** Town of Union

**County (ies):** Broome

**CFA Application Number:** 56455

**Project Name:** Chugnut Trail Extension Design

**Project Description:** The Town of Union, with the Village of Endicott and Broome County, will prepare design and construction documents for a 3.2 mile extension of the Chugnut Trail. The project will improve recreation and reconnect communities with the waterways that defined the region's history. This project builds on a prior Environmental Protection Fund Local Waterfront Revitalization Program funded study and will extend the Chugnut Trail to the Village of Endicott and to Glendale Park in Union.

**Amount Awarded:** \$75,000

**WESTERN NEW YORK**

**Applicant:** Chautauqua County

**County (ies):** Chautauqua

**CFA Application Number:** 51568

**Project Name:** Northern Chautauqua County Local Waterfront Revitalization Program Phase II

**Project Description:** The Chautauqua County Department of Planning and Economic Development will complete the Northern Chautauqua Local Waterfront Revitalization Program (LWRP) for the 10 communities along Chautauqua County's forty-three miles of Lake Erie shoreline. The LWRP will provide a regional plan for the revitalization and protection of Lake Erie's waterfront within Chautauqua County that utilizes and enhances the region's unique natural and community assets while advancing economic development.

**Amount Awarded:** \$50,000

**Applicant:** Town of Grand Island

**County (ies):** Erie

**CFA Application Number:** 53135

**Project Name:** Scenic Woods-Bicentennial Park, Phases I-IA

**Project Description:** The Town of Grand Island will construct Phases I-IA of the new Scenic Woods - Bicentennial Town Park. Elements to be constructed include a western end entrance and trailhead, handicap-accessible parking, approximately 7,000 feet of stone dust trails, five rest intervals, two boardwalks, senior fitness stations, vernal pools, buffer plantings, and a creek crossing. The project implements the Town's Draft Local Waterfront Revitalization Program and Scenic Woods/Bicentennial Park Master Plan.

**Amount Awarded:** \$197,634

**Applicant:** City of Niagara Falls

**County (ies):** Niagara

**CFA Application Number:** 54051

**Project Name:** LaSalle Recreation Way Trail

**Project Description:** The City of Niagara Falls will design and construct a trail, to be located between Cayuga Drive and 102nd Street. The new trail will run parallel to the LaSalle Expressway, linking local and regional trail systems, public parks, residential neighborhoods, and businesses to the Niagara River. Construction activities will include: excavation and installation of asphalt trail; installation of a pre-fabricated pedestrian bridge, crosswalk and traffic markings, and trailhead amenities.

**Amount Awarded:** \$410,000
