

New York State Department of State
2017-2018 Environmental Protection Fund Local Waterfront Revitalization Program Grant Awards

CAPITAL DISTRICT

Applicant: City of Albany

CFA Application Number: 76021

Project Name: Local Waterfront Revitalization Program Amendment

Project Descriptions: The City of Albany will complete an amendment to its 1991 Local Waterfront Revitalization Program (LWRP). The LWRP Amendment will address emerging issues and needs in the city's Hudson River waterfront area, incorporate recently completed zoning and sustainability regulations, explore the feasibility of developing an inland marina and identify projects to create a vibrant waterfront, improve connectivity and promote economic investment and revitalization of Albany's downtown and waterfront.

Award Amount: \$85,000

Applicant: Village of Catskill

CFA Application Number: 75389

Project Name: Local Waterfront Revitalization Program

Project Descriptions: The Village of Catskill will develop a Local Waterfront Revitalization Program (LWRP) for its Hudson River waterfront that incorporates strategies and proposed projects that address resiliency. The LWRP will identify a vision to revitalize the waterfront and downtown area that considers sea level rise and future flooding.

Award Amount: \$85,000

Applicant: City of Glens Falls

CFA Application Number: 75516

Project Name: Pruyns Island Connections to Downtown Glens Falls

Project Descriptions: The City of Glens Falls will advance the Redevelopment and Connection Plan for Pruyn's Island by designing and constructing an extension to the "Hudson Walk" multi-use trail and installation of a pedestrian footbridge spanning the Champlain Feeder Canal to connect the adjacent residential neighborhoods to Pruyn's Island. The project will enhance visual and physical public access to the Hudson River and provide a connection to the existing Feeder Canal Trail.

Award Amount: \$363,750

Applicant: Town of Greenwich

CFA Application Number: 74870

Project Name: Battenkill Waterfront Park Master Plan

Project Descriptions: The Town of Greenwich will develop a master plan for Battenkill River Waterfront Park. Work will include an inventory of existing land resources and physical facilities, a topographic survey and review of existing programs and activities. The project goal is to create a strategic roadmap for gradually implementing improvements that will provide enhanced recreation space, trail opportunities, and universal access to the waterfront.

Award Amount: \$32,000

New York State Department of State
2017-2018 Environmental Protection Fund Local Waterfront Revitalization Program Grant Awards

Applicant: City of Schenectady

CFA Application Number: 75237

Project Name: Mohawk Harbor Dockage Design & Multi-Use Path Construction

Project Descriptions: The City of Schenectady will prepare designs for a docking facility and a multi-use path that will connect to the Mohawk-Hudson Bike-Hike Trail, the Rivers Casino Resort, the Mohawk Harbor complex and downtown Schenectady. The project will include site preparation work and construction of the multi-use path.

Award Amount: \$503,251

Applicant: Warren County

CFA Application Number: 74503

Project Name: Lake George Invasive Species Eradication

Project Descriptions: Warren County will advance efforts to eradicate aquatic invasive species in the Lake George Basin. The project will implement a three-year strategy to assess and remove all dense beds of Eurasian Watermilfoil from Lake George utilizing benthic matting, hand harvesting, or other accepted method of removal. In addition, the project will support the staffing of five boat inspection/decontamination stations to ensure that vessels entering Lake George do not contain aquatic invasive species.

Award Amount: \$600,000

Applicant: Washington County

CFA Application Number: 75284

Project Name: Champlain Canalway Trail Improvements

Project Descriptions: Washington County, in partnership with the Towns of Fort Ann and Whitehall, will design improvements to the northern portion of the Champlain Canalway Trail bringing the trail onto the public right-of-way adjacent to the Canal. Work will include surveying, archeological and cultural review, environmental analysis and final trail design.

Award Amount: \$430,000

CENTRAL NEW YORK

Applicant: Town of Cicero

CFA Application Number: 75072

Project Name: Brewerton Streetscape Improvements Phase III Design and Construction

Project Descriptions: The Town of Cicero will implement the Hamlet of Brewerton Strategic Revitalization Plan by developing the final designs for and constructing streetscape improvements along a portion of NYS Route 11, between Guy Young Road and Baldwin Street. The project is located within the Hamlet of Brewerton, near the outlet of Oneida Lake. The preliminary designs for the streetscape improvements have been reviewed and accepted by the public.

Award Amount: \$393,750

Applicant: Town of Cicero

CFA Application Number: 75756

Project Name: Local Waterfront Revitalization Program

Project Descriptions: The Town of Cicero will prepare a Local Waterfront Revitalization Program (LWRP) for the Town's waterfront area within the Hamlet of Brewerton, along the outlet of Oneida Lake. The

New York State Department of State
2017-2018 Environmental Protection Fund Local Waterfront Revitalization Program Grant Awards

LWRP will focus on water-related uses and tourism activities, the hamlet's connection with the waterfront, improvements to public infrastructure and the business district to increase climate change and economic resilience. The planning process will include extensive public outreach and input.

Award Amount: \$56,250

Applicant: Madison County

CFA Application Number: 73655

Project Name: Oneida Lake Nine Element Watershed Management Plan

Project Descriptions: Madison County, in partnership with the Central NY Regional Planning and Development Board, will develop a Nine-Element Watershed Management Plan for Oneida Lake to improve water quality and protect aquatic habitat and fisheries. The watershed plan will update a 2004 Management Plan to achieve compliance with Environmental Protection Agency guidance which will require an assessment of the location, sources, and remediation opportunities for non-point source pollution.

Award Amount: \$336,000

Applicant: Onondaga County

CFA Application Number: 72508

Project Name: Onondaga Lake Waterfront Planning

Project Descriptions: Onondaga County will prepare a Feasibility Study for beach access along the eastern shore of Onondaga Lake, design Reports for the 2.8-mile gap in the County's Loop-the-Lake Trail spanning from the end of the Onondaga Creekwalk behind the Destiny USA Mall to the northern tip of the lake, and a Market Analysis including public visioning for redevelopment of county-owned waterfront properties.

Award Amount: \$330,000

Applicant: Village of Union Springs

CFA Application Number: 71799

Project Name: Streetscape and Infrastructure Improvements Feasibility Study

Project Descriptions: The Village of Union Springs will develop designs and evaluate construction and maintenance costs of streetscape and infrastructure improvements along Cayuga Street, between Center and Seminary Streets, within the Historic Business District and Waterfront Revitalization Area.

Award Amount: \$150,000

Applicant: Village of Union Springs

CFA Application Number: 75263

Project Name: Frontenac Park Boat Launch Design and Construction

Project Descriptions: The Village of Union Springs will design and construct renovations to the Frontenac Park boat launch to increase public access and recreational opportunities on Cayuga Lake. Construction will include improvements to two existing boat launch bays, a new boat launch bay to accommodate high demand and a boat washing station to reduce the spread of invasive species.

Award Amount: \$154,350

New York State Department of State
2017-2018 Environmental Protection Fund Local Waterfront Revitalization Program Grant Awards

FINGER LAKES

Applicant: City of Canandaigua

CFA Application Number: 77143

Project Name: Promotion and Protection of Canandaigua Lake Phase III

Project Descriptions: The City of Canandaigua and the Canandaigua Lake Watershed Council will implement three projects to address flooding, water quality and public access to Canandaigua Lake. Projects will include restoration of a 3+ acre water quality area along Cottage City Drive to reduce flooding impacts, preparation of a Naples Creek Flood Resiliency Study and Naples Creek floodplain reconnection and preparation of a City of Canandaigua Waterfront Parks Master Plan to address increased usage demands.

Award Amount: \$241,600

Applicant: Village of Medina

CFA Application Number: 74001

Project Name: Local Waterfront Revitalization Program

Project Descriptions: The Village of Medina will prepare a Local Waterfront Revitalization Program (LWRP) to identify appropriate land and water uses, projects, and public enhancements along its Erie Canal waterfront. The LWRP will build on the Village's commitment to canal and downtown revitalization, and address issues related to the lack of waterfront access, poor connectivity between the waterfront and downtown, and limited availability of water-related recreational opportunities.

Award Amount: \$37,500

Applicant: Orleans County

CFA Application Number: 74892

Project Name: Local Waterfront Revitalization Program

Project Descriptions: The County of Orleans, in partnership with the Villages of Albion and Holley and the Towns of Shelby, Ridgeway, Albion, Gaines, and Murray, will prepare a Local Waterfront Revitalization Program (LWRP) for twenty-four miles of Erie Canal waterfront. The LWRP will create a regional vision for capitalizing on community assets, spark strategic capital investment in downtown areas, develop proposed land and water uses and identify projects to advance revitalization.

Award Amount: \$62,000

Applicant: City of Rochester

CFA Application Number: 74556

Project Name: Erie Harbor Enhancements Phase II Construction

Project Descriptions: The City of Rochester will construct enhancements of Genesee Gateway Park and Genesee Riverway Trail at Erie Harbor along the Genesee River. Enhancements will include walkways, plantings, furnishings, wayfinding signage, recreation amenities, and rehabilitation of the deteriorated river rail and trail pavement.

Award Amount: \$850,000

New York State Department of State
2017-2018 Environmental Protection Fund Local Waterfront Revitalization Program Grant Awards

LONG ISLAND

Applicant: Town of Brookhaven

CFA Application Number: 72311

Project Name: Local Waterfront Revitalization Program and Harbor Management Plan

Project Descriptions: The Town of Brookhaven will develop a Local Waterfront Revitalization Program and Harbor Management Plan for its south shore area, which includes 50 miles of Atlantic Ocean coastline. The LWRP will provide strategies and identify projects that improve public access, establish connections between downtown and the waterfront, modify local codes and ordinances to remove barriers to sustainable development, and incorporate sea level rise projections and resiliency measures into community planning.

Award Amount: \$277,500

Applicant: Town of Huntington

CFA Application Number: 76939

Project Name: Local Waterfront Revitalization Program

Project Descriptions: The Town of Huntington will prepare a Local Waterfront Revitalization Program (LWRP) for its sixty-one miles of Long Island Sound waterfront. The LWRP will bring together key stakeholders to create a land and water use plan to facilitate a revived downtown, revitalized shellfish industry, increased tourism, improved water quality and expanded public access.

Award Amount: \$56,250

Applicant: Village of Patchogue

CFA Application Number: 73777

Project Name: Shorefront Park Improvements Construction

Project Descriptions: The Village of Patchogue will construct improvements at Shorefront Park along Great South Bay. Construction will include a boardwalk and replacement of the deteriorating bulkhead with a living shoreline treatment to provide erosion and flood protection.

Award Amount: \$2,189,014

Applicant: Town of Southold

CFA Application Number: 73819

Project Name: Peconic Bay to Long Island Sound Integrated Trails Initiative Phase 3

Project Descriptions: The Town of Southold will continue to implement the Peconic Bay to Long Island Sound Integrated Trails Initiative by removing dilapidated buildings and debris from a waterfront property, planting native species and creating 0.3 miles of trail to provide public access to the site and adjacent tidal creek frontage. The new trail will connect to trails previously constructed through the initiative to create a trail system stretching from Long Island Sound to Peconic Bay.

Award Amount: \$120,000

Applicant: Suffolk County

CFA Application Number: 77269

Project Name: Local Waterfront Revitalization Program

Project Descriptions: Suffolk County will develop a Local Waterfront Revitalization Program (LWRP) for Lake Ronkonkoma. The LWRP will serve as a community visioning document outlining priority issues and opportunities affecting Lake Ronkonkoma and its watershed, and will establish a program to implement

New York State Department of State
2017-2018 Environmental Protection Fund Local Waterfront Revitalization Program Grant Awards

this vision. Strategies and projects will be identified to address water quality concerns, control the Canada Geese population, and expand recreational opportunities.

Award Amount: \$60,000

Applicant: Village of Westhampton Beach

CFA Application Number: 77089

Project Name: Local Waterfront Revitalization Program

Project Descriptions: The Village of Westhampton Beach will develop a Local Waterfront Revitalization Program (LWRP) for its waterfront along the Atlantic Ocean, Moneybogue Bay and Quantuck Canal. The LWRP will establish land and water uses, recommend zoning updates and identify strategies and proposed projects to preserve coastal heritage, address infrastructure, economic, and environmental challenges and improve the economic vitality of the Village.

Award Amount: \$56,250

MID-HUDSON

Applicant: Town of Cortlandt

CFA Application Number: 72767

Project Name: Local Waterfront Revitalization Program

Project Descriptions: The Town of Cortlandt and the Village of Buchanan will prepare a joint Local Waterfront Revitalization Program (LWRP) for nine miles of Hudson River waterfront. The LWRP will be developed through a community based planning process and will serve as a guide for the development, protection and enhancement of the waterfront area. Additionally, the LWRP will address opportunities and challenges associated with the closure of the Indian Point nuclear power plant.

Award Amount: \$250,000

Applicant: Village of Highland Falls

CFA Application Number: 74424

Project Name: Highland Falls Waterfront Revitalization Strategy

Project Descriptions: The Village of Highland Falls will develop a Waterfront Revitalization Strategy to define the community vision for the future of their waterfront, identify and prioritize local needs and develop an implementation plan. The Strategy will identify opportunities for public access to the Hudson River and connections to the waterfront from the downtown and improvements to the business district.

Award Amount: \$56,250

Applicant: City of Newburgh

CFA Application Number: 76248

Project Name: Newburgh Landing Pier Final Design

Project Descriptions: The City of Newburgh will prepare project construction documents for the Newburgh Landing Pier, including demolition of the existing pier and construction of a new pier with two extensions to accommodate large cruise ships and provide for transient mooring on the Hudson River. The project will advance the City's Local Waterfront Revitalization Program, lead to improved economic development and create a regional asset as Newburgh is the only deepwater port between New York City and Albany.

Award Amount: \$280,000

New York State Department of State
2017-2018 Environmental Protection Fund Local Waterfront Revitalization Program Grant Awards

Applicant: Village of Port Chester

CFA Application Number: 75500

Project Name: Byram River Bulkhead Replacement

Project Descriptions: The Village of Port Chester will construct a new bulkhead along the Byram River in downtown Port Chester. Replacement of the existing damaged bulkhead is a critical initial step to reactivating the village waterfront and will allow for proposed new boating infrastructure, a promenade and other site amenities.

Award Amount: \$1,167,558

Applicant: Village of Sleepy Hollow

CFA Application Number: 72903

Project Name: Headless Horseman Statue Island Improvements

Project Descriptions: The Village of Sleepy Hollow on the Hudson and Pocantico Rivers will design and construct improvements to the deteriorated traffic island showcasing the Headless Horseman Statue. The project will enhance the visual character of this cultural site and tourist destination along the Scenic Byway with installation of landscaping and public amenities, while improving pedestrian connections and public safety.

Award Amount: \$195,000

MOHAWK VALLEY

Applicant: Village of Fonda

CFA Application Number: 74181

Project Name: Fonda Canalside Park Phase III: Boat Dock and Park Improvements

Project Descriptions: The Village of Fonda will design and construct park improvements at Canalside Park including a boat docking system and pump out station, a parking area for boat trailers and campers, a bathroom facility, a shelter/entertainment pavilion, a Veteran's memorial and park furnishings such as benches, charcoal grills, and bike racks. The project will enhance public access to Mohawk River/Erie Canal and water-dependent recreational activities.

Award Amount: \$496,750

Applicant: Montgomery County

CFA Application Number: 72257

Project Name: Local Waterfront Revitalization Program

Project Descriptions: Montgomery County will prepare the Western Montgomery County Local Waterfront Revitalization Program (LWRP) for the Erie Canal/Mohawk River waterfront in the Village and Town of St. Johnsville, Village of Fort Plain and Town of Minden. The LWRP will identify municipal revitalization goals, policies, projects, and tools to capitalize on development opportunities, increase resilience to future physical climate risks and enhance existing waterfront resources.

Award Amount: \$30,000

New York State Department of State
2017-2018 Environmental Protection Fund Local Waterfront Revitalization Program Grant Awards

NEW YORK CITY

Applicant: New York City

CFA Application Number: 74471

Project Name: Harlem River Living Shoreline Access- Bridge Park

Project Descriptions: The NYC Department of Parks Recreation will plan, design and construct Bridge Park on the Harlem River between the High Bridge and W. 175th Street on the Bronx waterfront. The project will convert 5 acres of degraded unused waterfront into parkland, install bike lane connections adding 0.5 miles to the Harlem River Greenway, employ a living shoreline approach to reconstruct the degraded hardened river edge, and provide river access points for viewing and passive recreation.

Award Amount: \$2,000,000

NORTH COUNTRY

Applicant: Hamilton County

CFA Application Number: 76741

Project Name: Adirondack Hamlets to Huts Implementation

Project Descriptions: Hamilton County will implement the Adirondack Community-based Trails and Lodging System Plan by creating a lodging affiliate system, a hut-to-hut reservation system, and a marketing plan with website, social media, search engine optimization, and paid media. The goal of project is to create, manage and promote a world-class Adirondack hut-to-hut system that advances sustainable communities, conservation, and wellness.

Award Amount: \$219,375

Applicant: Town of Indian Lake

CFA Application Number: 75027

Project Name: Townsend Business Center Development Strategy and Waterfront Access Strategy

Project Descriptions: The Town of Indian Lake will work with the Chamber of Commerce and Community Development Corporation to prepare a Development Strategy for a local business center and develop a Waterfront Access Strategy to improve public access to the Cedar River, Adirondack Lake, and Lake Abanakee. The Townsend Business Center will support economic development by providing temporary physical space for local startups to develop their operations.

Award Amount: \$90,000

Applicant: Town of Plattsburgh

CFA Application Number: 73377

Project Name: Elevate Plattsburgh - A Smart Growth Plan

Project Descriptions: The Town of Plattsburgh will develop a strategic revitalization plan for its primary commercial corridor along NYS Route 3. The Plan will identify land uses, suggest infrastructure and multimodal transportation improvements, and present a physical corridor plan identifying infill opportunities, catalyst projects, zoning recommendations and design guidelines. The plan will build upon existing downtown revitalization efforts in the Town and City of Plattsburgh.

Award Amount: \$73,125

New York State Department of State
2017-2018 Environmental Protection Fund Local Waterfront Revitalization Program Grant Awards

SOUTHERN TIER

Applicant: Village of Endicott

CFA Application Number: 75877

Project Name: Chugnut Trail Extension Construction

Project Descriptions: The Village of Endicott will construct an extension of the Chugnut Trail along the Susquehanna River. The new multi-use trail will extend approximately 1,500 feet between Mercereau Park and the proposed trailhead near Vestal Avenue.

Award Amount: \$75,000

Applicant: Schuyler County

CFA Application Number: 72179

Project Name: Project Seneca Redevelopment of Seneca Lake Waterfront - Phase II

Project Descriptions: Schuyler County implement projects to enhance the Seneca Lake waterfront in the Village of Watkins Glen. Projects will include design and construction of a four-season pavilion including restrooms and a commercial grade kitchen in Clute Park and preparation of a Reuse Feasibility Study to explore options for redevelopment of the soon to be decommissioned lakefront Waste Water Treatment Plant.

Award Amount: \$1,319,362

Applicant: Town of Urbana

CFA Application Number: 73060

Project Name: Keuka Lake Waterfront Access Improvements

Project Descriptions: The Town of Urbana will design and construct improvements along Keuka Lake to increase public access and create a continuous connection between Hammondsport central business district, Depot Park, Curtiss Park and Champlin Beach. Construction will include a pedestrian bridge over the Keuka Inlet, a boardwalk and a bird watching observation tower to access the adjacent wetland areas, trailheads and kiosks, a ADA-compliant kayak launch and a trail through Curtiss Park connecting to Champlin Beach.

Award Amount: \$683,603

WESTERN NEW YORK

Applicant: Village of Celoron

CFA Application Number: 75238

Project Name: Lucille Ball Memorial Park Improvements - Phase IV Design and Construction

Project Descriptions: The Village of Celoron will design and construct a new park amenities building in Lucille Ball Memorial Park along Chautauqua Lake. Building amenities will include ADA compliant restrooms, drinking fountain, security camera system, and storage area.

Award Amount: \$382,680

New York State Department of State
2017-2018 Environmental Protection Fund Local Waterfront Revitalization Program Grant Awards

Applicant: City of North Tonawanda

CFA Application Number: 73737

Project Name: Gateway Harbor Park Improvements Design and Construction

Project Descriptions: The City of North Tonawanda will design and construct improvements to Gateway Harbor Park along the Erie Canal to enhance public waterfront access and catalyze development in the city's adjacent downtown. Park improvements will include additional docking, upgraded electrical and water hook-ups for boaters, seating areas and a new facility building to house restrooms, storage and the harbor master office.

Award Amount: \$700,000

Applicant: Town of Ripley

CFA Application Number: 71982

Project Name: Ripley Beach Town Park Improvements Design and Construction

Project Descriptions: The Town of Ripley will design and construct public access and recreation improvements at Ripley Beach Town Park on Lake Erie. Improvements will include two stairways providing beach access, an overlook platform and pavilion, safety fencing, informational kiosks, restroom and shower facilities, rustic camping sites, a nature trail, replacement of invasive species with native plants, parking, and a rescue jib crane for emergency rescue response.

Award Amount: \$240,663

Applicant: Village of Williamsville

CFA Application Number: 73134

Project Name: Local Waterfront Revitalization Program

Project Descriptions: The Village of Williamsville will prepare a Local Waterfront Revitalization Program (LWRP) for its Ellicott Creek waterfront. The LWRP will guide appropriate development, increase public waterfront access, preserve natural and historic resources, examine existing infrastructure, address shoreline erosion, explore sustainable energy generation opportunities and promote economic development.

Award Amount: \$49,500
