

**New York State Department of State
2019-2020 Environmental Protection Fund
Local Waterfront Revitalization Program Grant Awards**

CAPITAL REGION

Applicant: Town of Germantown

CFA Application Number: 90749

Program: Local Waterfront Revitalization Program

Project Name: Town of Germantown Local Waterfront Revitalization Program

Project Description: The Town of Germantown will develop a Local Waterfront Revitalization Program (LWRP) that will express the Town's vision for its waterfront along the Hudson River and the Roeliff Jansen Kill. The LWRP will promote public access and recreational opportunities, identify sustainable approaches to mitigate climate change impacts, stimulate economic development, and plan connections to the Hudson Valley Greenway Water Trail and Empire State Trail.

Award Amount: \$75,000

Applicant: Town of Glenville

CFA Application Number: 93492

Program: Local Waterfront Revitalization Program

Project Name: Scotia-Glenville Mohawk-Hudson Bike-Hike Trail Reconstruction

Project Description: The Town of Glenville will implement the Mohawk River Waterfront Revitalization Plan through the design and construction of improvements to the Scotia-Glenville's Hudson-Mohawk Bike-Hike Trail along the north shore of the Mohawk River. Improvements will include upgraded stormwater drainage, directional and interpretive signage, trail-widening and repaving to meet ADA standards, and parking.

Award Amount: \$445,489

Applicant: Town of Greenwich

CFA Application Number: 90465

Program: Local Waterfront Revitalization Program

Project Name: Hudson River Park Master Plan

Project Description: The Town of Greenwich will develop a Master Plan to transform an abandoned waterfront property into a new park along the Hudson River. The plan will identify park amenities such as trails and pathways, waterfront access, kayak launch, and picnic areas, and connections to the nearby Champlain Canalway Trail/Empire State Trail and Hudson Crossing Park.

Award Amount: \$49,000

Applicant: Village of Kinderhook

CFA Application Number: 92089

Program: Local Waterfront Revitalization Program

Project Name: Villages of Kinderhook and Valatie Local Waterfront Revitalization Program

Project Description: The Villages of Kinderhook and Valatie will develop a joint Local Waterfront Revitalization Program (LWRP) that establishes a community vision for their downtowns and six miles of their shared Kinderhook Creek waterfront. The LWRP will guide future revitalization of the Village's downtown and waterfront areas and identify projects that enhance waterfront access opportunities and highlight local heritage.

Award Amount: \$75,000

**New York State Department of State
2019-2020 Environmental Protection Fund
Local Waterfront Revitalization Program Grant Awards**

Applicant: Village of Philmont

CFA Application Number: 89414

Program: Local Waterfront Revitalization Program

Project Name: Agawamuck Creek Watershed Management Plan

Project Description: The Village of Philmont, in partnership with Philmont Beautification, Inc. and community stakeholders, will develop a watershed management plan for Agawamuck Creek. This plan will develop management recommendations for improving water quality and restoring critical natural resources throughout the watershed, as well as identify measures to address invasive species.

Award Amount: \$168,595

Applicant: City of Schenectady

CFA Application Number: 91935

Program: Local Waterfront Revitalization Program

Project Name: Mohawk Harbor Large Vessel Dockage

Project Description: The City of Schenectady will construct large vessel dockage at Mohawk Harbor, on the Erie Canal. Approximately 680 feet of dockage will be installed, creating a new access point for residents and visitors coming to and from the Electric City. The project will implement the Mohawk River Waterfront Revitalization Plan by increasing public waterfront access and boater amenities and providing visitors an opportunity to visit downtown Schenectady.

Award Amount: \$948,884

Applicant: Village of Schuylerville

CFA Application Number: 90677

Program: Local Waterfront Revitalization Program

Project Name: Fort Hardy Park Master Plan

Project Description: The Village of Schuylerville will develop a Master Plan for Fort Hardy Park along the Hudson River. The Plan will advance revitalization goals in the Old Saratoga Waterfront Plan by identifying proposed improvements for the park that promote waterfront access and connections to the Champlain Canalway and Empire State Trails.

Award Amount: \$48,750

Applicant: Town of Stillwater

CFA Application Number: 91868

Program: Local Waterfront Revitalization Program

Project Name: Saratoga Lake Water Quality Study

Project Description: The Town of Stillwater will prepare a water quality study to identify sources of excess nutrients and sediment entering Saratoga Lake and identify site-specific improvements to address sources. The project will build upon the Saratoga Lake/Route 9P Waterfront Revitalization Plan by using GIS mapping, site visits, and stormwater modeling to identify and prioritize the highest-impact stormwater mitigation and prevention practices.

Award Amount: \$45,000

**New York State Department of State
2019-2020 Environmental Protection Fund
Local Waterfront Revitalization Program Grant Awards**

Applicant: Village of Tannersville

CFA Application Number: 93599

Program: Local Waterfront Revitalization Program

Project Name: Gooseberry Creek Revitalization Strategy Implementation Phase II

Project Description: The Village of Tannersville will implement the Gooseberry Creek Waterfront Strategy by developing a trail along Saw Mill Creek connecting Main Street to Rip Van Winkle Lake and creating accessible and age-friendly recreation amenities at Gooseberry Park. The project will include design and construction park improvements including a kayak launch, fishing pier, playground, splash pad, pavilion, site furnishings, and landscaping.

Award Amount: \$1,300,000

Applicant: City of Watervliet

CFA Application Number: 89420

Program: Local Waterfront Revitalization Program Update for Climate Risk and Resiliency

Project Name: City of Watervliet Local Waterfront Revitalization Program Update

Project Description: The City of Watervliet will update of its 2006 Local Waterfront Revitalization Program (LWRP) to guide appropriate and resilient land use along its Hudson River waterfront. The LWRP update will address emerging issues and needs including natural resource protection and restoration of waterfront resources, resiliency, point and nonpoint source pollution, shoreline stabilization, and incorporate recently-completed zoning and sustainability regulations.

Award Amount: \$38,000

CENTRAL NEW YORK

Applicant: Village of Canastota

CFA Application Number: 94455

Program: Local Waterfront Revitalization Program

Project Name: Revitalize Canastota Design

Project Description: The Village of Canastota will design improvements to revitalize its downtown corridor along the Old Erie Canal between North Main Street and Diamond Street. The design will advance the Old Erie Canal Local Waterfront Revitalization Program by setting the stage for the downtown investments to increase public waterfront access, boating and fishing amenities, walkability, economic development, and tourism.

Award Amount: \$60,000

Applicant: Cayuga County

CFA Application Number: 89431

Program: Local Waterfront Revitalization Program

Project Name: Village of Fair Haven and Town of Sterling Local Waterfront Revitalization Program

Project Description: Cayuga County, in partnership with the Village of Fair Haven and the Town of Sterling, will develop a joint Local Waterfront Revitalization Program (LWRP) and Harbor Management Plan (HMP) to guide land and water uses along Lake Ontario and Little Sodus Bay. The LWRP and HMP will identify policies and projects that address public waterfront access, recreation, sustainable development, coastal resiliency, flooding, tourism, and will further the joint Village/Town Comprehensive Plan.

Award Amount: \$72,000

**New York State Department of State
2019-2020 Environmental Protection Fund
Local Waterfront Revitalization Program Grant Awards**

Applicant: Village of Cayuga

CFA Application Number: 89965

Program: Local Waterfront Revitalization Program

Project Name: Village of Cayuga Local Waterfront Revitalization Program

Project Description: The Village of Cayuga, in partnership with Cayuga County, will develop a Local Waterfront Revitalization Program (LWRP) and Harbor Management Plan for its Cayuga Lake waterfront. The LWRP's vision, policies, and projects will focus on public waterfront access, tourism, water quality, smart growth, and the promotion of appropriate mixed-use development. Local laws for docking and mooring, stormwater management, and historic preservation will be developed to implement the Village's vision.

Award Amount: \$48,750

Applicant: Town of Lysander

CFA Application Number: 91965

Program: Local Waterfront Revitalization Program

Project Name: Town of Lysander and Village of Baldwinsville Local Waterfront Revitalization Program

Project Description: The Town of Lysander and Village of Baldwinsville will develop a joint Local Waterfront Revitalization Program (LWRP) for their State Barge Canal waterfront. The LWRP will identify opportunities to increase public access to the waterfront, capitalize on Canal tourism business opportunities, address harbor management, improve resiliency to flooding, promote recreation, and connect communities along the Barge Canal.

Award Amount: \$120,000

Applicant: Town of Oswego

CFA Application Number: 91541

Program: Local Waterfront Revitalization Program

Project Name: Town of Oswego Local Waterfront Revitalization Program

Project Description: The Town of Oswego will develop a Local Waterfront Revitalization Program (LWRP) to define community revitalization goals, identify appropriate land and water uses, establish policies, and recommend public enhancements projects along its five-mile Lake Ontario waterfront. The LWRP will address economic and environmental resiliency, infrastructure, flooding and erosion, water quality, deteriorating and underutilized waterfront areas, and lack of public access and recreation opportunities.

Award Amount: \$56,250

Applicant: Village of Union Springs

CFA Application Number: 89464

Program: Local Waterfront Revitalization Program

Project Name: Frontenac Park Boat Launch Design and Construction: Phase II

Project Description: The Village of Union Springs will implement its Local Waterfront Revitalization Program by finalizing improvements to the Frontenac Park Boat Launch on Cayuga Lake. Enhanced boater access will include the replacement of the two existing boat launch bays and associated docks, the addition of a third boat launch bay, the installation of a boat cleaning station to mitigate the spread of invasive species, and accessible parking adjacent to the launch site.

Award Amount: \$486,506

**New York State Department of State
2019-2020 Environmental Protection Fund
Local Waterfront Revitalization Program Grant Awards**

FINGER LAKES

Applicant: Town of Hamlin

CFA Application Number: 89521

Program: Local Waterfront Revitalization Program Update for Climate Risk and Resiliency

Project Name: Town of Hamlin Local Waterfront Revitalization Program Update

Project Description: The Town of Hamlin will update its Local Waterfront revitalization Program to guide appropriate and resilient development along its ten miles of Lake Ontario coastline. The LWRP update will reflect current conditions, address ongoing and emerging issues relating to flooding, water quality and aquatic habitat, economic development and sustainability, improved public access, lake level fluctuations, and resiliency measures.

Award Amount: \$45,638

Applicant: Town of Henrietta

CFA Application Number: 92527

Program: Local Waterfront Revitalization Program

Project Name: Towns of Henrietta and Rush Local Waterfront Revitalization Program

Project Description: The Town of Henrietta with the Town of Rush will develop a joint Local Waterfront Revitalization Program (LWRP). The LWRP will identify local natural and cultural waterfront resources and will propose projects to restore, enhance, and maintain riverfront resources and public access along the Genesee River, Erie Canal, and adjacent waterfront areas in both towns.

Award Amount: \$75,000

Applicant: City of Rochester

CFA Application Number: 93639

Program: Local Waterfront Revitalization Program

Project Name: Durand Eastman Park Public Beach House Design

Project Description: The City of Rochester will design a beach house to support the public swimming beach at Durand Eastman Park on Lake Ontario. The beach house will include restrooms, changing rooms, a lifeguard office and first aid station, storage, exterior deck areas, and a safe beach egress. The project will implement the City of Rochester Local Waterfront Revitalization Program by improving public access and amenities to Lake Ontario and by advancing compliance with the NYS Code for bathing beaches.

Award Amount: \$375,000

LONG ISLAND

Applicant: Village of Port Jefferson

CFA Application Number: 92124

Program: Local Waterfront Revitalization Program

Project Name: Climate Resilience Plan

Project Description: The Village of Port Jefferson will prepare a Climate Resilience Plan in response to the impacts of Hurricane Irene, Super Storm Sandy and recent high wind, rain and storm surge events. The Plan will integrate the latest sea-level rise predictions to propose solutions and design alternatives to mitigate flooding, storm surges, and rising tides and will include natural measures for mitigating impacts.

Award Amount: \$82,500

**New York State Department of State
2019-2020 Environmental Protection Fund
Local Waterfront Revitalization Program Grant Awards**

Applicant: Village of Sag Harbor

CFA Application Number: 93007

Program: Local Waterfront Revitalization Program

Project Name: Sag Harbor Long Wharf Improvements

Project Description: The Village of Sag Harbor will rehabilitate Long Wharf including replacement of the deteriorated bulkhead; ADA compliant access; the installation safety guard rails, promenade surfacing for environmental sustainability, and new lighting and seating areas to encourage tourism and scenic vistas. This project implements the Village's Local Waterfront Revitalization Program by increasing public access to Long Island Sound and creating a safer, more attractive, and walkable waterfront.

Award Amount: \$1,500,000

MID-HUDSON

Applicant: Village of Dobbs Ferry

CFA Application Number: 90919

Program: Local Waterfront Revitalization Program

Project Name: Mid-Hudson Regional Community Resilience Planning

Project Description: The Village of Dobbs Ferry, in partnership with Pace Land Use Law Center, will work with Mid-Hudson municipalities to develop innovative approaches for climate change adaptation and community resiliency. Participating municipalities will conduct resiliency assessments, identify and prioritize strategies for waterfront revitalization and coastal resilience, and develop Local Waterfront Revitalization Program resiliency components that help implement these strategies.

Award Amount: \$246,845

Applicant: City of Peekskill

CFA Application Number: 94233

Program: Local Waterfront Revitalization Program

Project Name: Southern Waterfront Trail Connection and Shoreline Stabilization Design

Project Description: The City of Peekskill will prepare designs for a waterfront trail and shoreline stabilization along the Hudson River and McGregory Brook in Riverfront Green Park. Design will utilize bioengineering techniques to reduce erosion and address risks associated with climate change. The project will implement the City's Local Waterfront Revitalization Program and Southern Waterfront Trail Master Plan by enhancing Riverfront Green Park and developing the final link in the City's waterfront trail system.

Award Amount: \$85,000

Applicant: City of Peekskill

CFA Application Number: 92824

Program: Local Waterfront Revitalization Program

Project Name: Reconstruction of Fleischmann Pier

Project Description: The City of Peekskill will reconstruct Fleischmann Pier, located on the Hudson River at Charles Point Park. The pier will be located to provide docking for larger vessels and will also include a kayak dock, gangways, benches, lighting fixtures and viewing stations. This project will implement the City's Local Waterfront Revitalization Program by enhancing water-based recreational amenities and supporting tourism by creating docking for large vessels.

Award Amount: \$2,000,000

**New York State Department of State
2019-2020 Environmental Protection Fund
Local Waterfront Revitalization Program Grant Awards**

MOHAWK VALLEY

Applicant: City of Amsterdam

CFA Application Number: 90481

Program: Local Waterfront Revitalization Program Update for Climate Risk and Resiliency

Project Name: City of Amsterdam Local Waterfront Revitalization Program Update

Project Description: The City of Amsterdam will update its 1993 Local Waterfront Revitalization Program (LWRP) to reflect the City's current waterfront vision and revitalization priorities. The LWRP will guide growth and development, identify sustainable approaches to mitigate climate change impacts and improve resiliency, redevelop vacant and underutilized industrial structures, stimulate economic development, increase waterfront access and connectivity to downtown, tourism, and recreational boating.

Award Amount: \$50,000

Applicant: Village of Ilion

CFA Application Number: 90573

Program: Local Waterfront Revitalization Program

Project Name: Village of Ilion Comprehensive Plan and Local Waterfront Revitalization Program

Project Description: The Village of Ilion, located on the Mohawk River, will develop a Comprehensive Plan and Local Waterfront Revitalization Program that will establish a community vision for the waterfront, downtown, and adjacent neighborhoods. The Comprehensive Plan and LWRP will work together to guide future growth and development, enhance waterfront access, revitalize downtown, improve river-related tourism, and celebrate the Village's Canal heritage.

Award Amount: \$90,000

Applicant: City of Oneonta

CFA Application Number: 91583

Program: Local Waterfront Revitalization Program

Project Name: City and Town of Oneonta Local Waterfront Revitalization Program

Project Description: The City of Oneonta will partner with the Town of Oneonta to prepare a joint Local Waterfront Revitalization Program (LWRP) to guide waterfront revitalization along the Susquehanna River corridor and its tributaries. The LWRP will promote green infrastructure, drinking water protection, public waterfront access and recreation, a network of public trails and sidewalks that will improve connectivity and circulation, and opportunities for waterfront revitalization.

Award Amount: \$72,250

NEW YORK CITY

Applicant: City of New York Department of Parks & Recreation

CFA Application Number: 89379

Program: Local Waterfront Revitalization Program

Project Name: Freshkills Park North Park Construction

Project Description: The New York City Department of Parks & Recreation will construct a bird observation tower and a wetland overlook deck in the Freshkills Park North Park on the West Shore of Staten Island. The project will advance the City's Waterfront Revitalization Program by continuing the conversion of a former landfill into the 2,200-acre Freshkills Park, increasing public waterfront parkland, and connecting visitors to spectacular views of creeks and wetlands, wildlife, and migratory birds.

Award Amount: \$827,829

**New York State Department of State
2019-2020 Environmental Protection Fund
Local Waterfront Revitalization Program Grant Awards**

Applicant: City of New York Department of Parks & Recreation

CFA Application Number: 91301

Program: Local Waterfront Revitalization Program

Project Name: Harding Park Tidal Wetland Restoration and Public Access Construction

Project Description: The New York City Department of Parks and Recreation will restore wetland habitat and provide public access to a degraded tidal cove in Harding Park at the mouth of the Bronx River. The project will replace historic fill and concrete with native salt marsh and coastal upland plant species and create a new pathway to a picnic and fishing area. This project implements the City's Waterfront Revitalization Plan by restoring critical natural resources and developing new public waterfront access.

Award Amount: \$1,062,500

NORTH COUNTRY

Applicant: Town of Canton

CFA Application Number: 92203

Program: Local Waterfront Revitalization Program

Project Name: Miner Street Trail Connector and Willow Island Park Enhancements

Project Description: The Town and Village of Canton will implement the Canton Grasse River Waterfront Revitalization Plan and the Canton Trails Plan, funded through previous EPF LWRP awards, by enhancing Willow Island Park along the Grasse River. Enhancements will include a bandshell, a playground, composting toilets, and landscaping. The project will also widen Miner Street Road to make it safer for bicyclists and pedestrians and improve the connection to waterfront recreational resources in Taylor Park.

Award Amount: \$529,739

Applicant: Town of Cape Vincent

CFA Application Number: 92483

Program: Local Waterfront Revitalization Program

Project Name: Club Street Revitalization

Project Description: The Town of Cape Vincent, in partnership with the Village of Cape Vincent, will implement the Village's Local Waterfront Revitalization Program and the Club Street Revitalization Plan through the design and construction of improvements to the Club Street area along the St. Lawrence River. Enhancements will include public docks, restrooms, wayfinding, public Wi-Fi access, utilities, streetscaping, and demolition of deteriorating covered boat slips and structures that inhibit public access.

Award Amount: \$843,750

Applicant: Town of Newcomb

CFA Application Number: 91866

Program: Local Waterfront Revitalization Program

Project Name: Newcomb Historical Museum & Center

Project Description: The Town of Newcomb will implement the Newcomb Revitalization Action Plan, funded by a previous EPF LWRP award, by designing and constructing a Historical Museum and Center. The Center will include exhibits showcasing local industrial and cultural heritage, provide educational activities, host community events, serve as a hub for outdoor recreational opportunities in the central Adirondacks, and attract visitors to support businesses in the 5 Towns Upper Hudson River Recreation Hub.

Award Amount: \$1,151,281

**New York State Department of State
2019-2020 Environmental Protection Fund
Local Waterfront Revitalization Program Grant Awards**

Applicant: City of Plattsburgh

CFA Application Number: 91653

Program: Local Waterfront Revitalization Program

Project Name: Harborside Master Plan

Project Description: The City of Plattsburgh will build upon their Draft Local Waterfront Revitalization Program by preparing a Master Plan for Harborside in the Dock Street Landing area. The Plan will include preliminary designs for an Environmental Learning Center, an exercise trail, a year-round multi-use building, and recreational amenities.

Award Amount: \$109,965

Applicant: City of Watertown

CFA Application Number: 93292

Program: Local Waterfront Revitalization Program

Project Name: City of Watertown Local Waterfront Revitalization Program

Project Description: The City of Watertown will update and adopt its draft Local Waterfront Revitalization Program (LWRP). The updated LWRP will leverage recent waterfront revitalization efforts and highlight new opportunities and remaining needs, including an analysis of alternative uses for waterfront parcels and ways to connect the urban center with the waterfront.

Award Amount: \$42,500

SOUTHERN TIER

Applicant: City of Ithaca

CFA Application Number: 89686

Program: Local Waterfront Revitalization Program

Project Name: Ithaca Farmer's Market Enhancements

Project Description: The City of Ithaca, in partnership with Ithaca Farmer's Market (IFM), will prepare designs, permits, and pre-construction documents to enhance the IFM pavilion and grounds located on the Cayuga Lake Inlet and Cascadilla Creek. This project implements the Cayuga Lake Waterfront Plan through making improvements, including a re-envisioned market pavilion, ADA access, bus/shuttle services, and fire protection that will transform the market into a year-round waterfront destination.

Award Amount: \$339,150

Applicant: Schuyler County

CFA Application Number: 90515

Program: Local Waterfront Revitalization Program

Project Name: Floodproof Design Guidelines for Vulnerable Historic Structures

Project Description: Schuyler County, on behalf of the municipalities within Schuyler, Stueben, and Chemung Counties, will partner with the Southern Tier Central Regional Planning & Development Board to create design guidelines for flood prone historic structures. The primary goal of the project is to provide tools for communities to elevate and flood-proof historic structures in efforts to reduce risk and avoid future flood damage while preserving the building's historic integrity.

Award Amount: \$52,500

**New York State Department of State
2019-2020 Environmental Protection Fund
Local Waterfront Revitalization Program Grant Awards**

WESTERN NEW YORK

Applicant: Erie County

CFA Application Number: 92331

Program: Local Waterfront Revitalization Program

Project Name: Regional Niagara River/Lake Erie Watershed Management Plan Phase 3

Project Description: Erie County will expand the Regional Niagara River/Lake Erie Watershed Management Plan to incorporate nine-element plan criteria. The Plan will identify the quantity and source of pollutants, determine water quality goals, define pollution reductions needed to meet the goals and recommend actions or best management practices needed to improve water quality.

Award Amount: \$501,000

Applicant: Town of Hamburg

CFA Application Number: 93057

Program: Local Waterfront Revitalization Program Update for Climate Risk and Resiliency

Project Name: Town of Hamburg Local Waterfront Revitalization Program Update

Project Description: The Town of Hamburg will update its Local Waterfront Revitalizations Program (LWRP) to reflect current local conditions and encourage sustainable growth and resiliency. The LWRP will incorporate the findings of the public town marina feasibility study, explore the inclusion the 18 Mile Creek corridor within the town and environmentally sensitive areas along Lake Erie, assess potential risks associated with extreme storms, flooding, and climate change, and recommend revitalization projects.

Award Amount: \$48,750

Applicant: Village of Lewiston

CFA Application Number: 92162

Program: Local Waterfront Revitalization Program

Project Name: Lewiston Landing Waterfront Park improvements - Phase V

Project Description: Village of Lewiston will design and construct improvements to Lewiston Landing Waterfront Park along the Niagara River. Improvements will include a new staircase, installation of floating docks adequate for the fluctuation of the Niagara River water level, renovation of the existing fish cleaning station, and a new accessible pavilion and restrooms. This project will implement the Village's Local Waterfront Revitalization Program by improving public access to the Niagara River.

Award Amount: \$345,000

Applicant: Town of Newfane

CFA Application Number: 90095

Program: Local Waterfront Revitalization Program Update for Climate Risk and Resiliency

Project Name: Town of Newfane Local Waterfront Revitalization Program Update

Project Description: The Town of Newfane will update its Local Waterfront Revitalization Program to guide resilient development along its Lake Ontario and Eighteenmile Creek shorelines. Prompted by evolving conditions and new concerns, the planning process will entail an inventory and analysis of existing assets, public engagement, an examination of land and water uses, and identify policies and revitalization projects that enhance access to the waterfront, increase community resiliency, and reduce flooding impacts.

Award Amount: \$45,000

**New York State Department of State
2019-2020 Environmental Protection Fund
Local Waterfront Revitalization Program Grant Awards**

Applicant: City of North Tonawanda

CFA Application Number: 91039

Program: Local Waterfront Revitalization Program

Project Name: Erie Canal Bike Path Extension

Project Description: The City of North Tonawanda will design and construct a two-mile extension to the Erie Canal bike path connecting Mayor's Park to the Botanical Gardens Park. The project will implement the City's Local Waterfront Revitalization Program by supporting tourism and improving public access to the Erie Canal and waterfront parklands.

Award Amount: \$372,125

Applicant: Village of Wellsville

CFA Application Number: 93101

Program: Local Waterfront Revitalization Program

Project Name: Southern Genesee River Local Waterfront Revitalization Programs

Project Description: The Village of Wellsville, in partnership with the Village of Belmont and Towns of Angelica, Amity, Belfast, Caneadea, Hume, Scio, Willing, and Wellsville, will develop Local Waterfront Revitalization Programs (LWRP) to guide development decisions along their Genesee River waterfronts. The LWRPs will address public access, recreational opportunities, tourism and economic development, and identify ways to sustainably capitalize on the region's natural and cultural assets.

Award Amount: \$150,000
